

62nd Street – what's the difference?

Current Program

- Residential roads \approx 40 years old
- 100 Miles of residential roads
- 15 miles completed (M&O or Recon)
- 85 miles only surface maintenance
- At the current M&O rate of 2 miles/year that's **43 years** to complete the city!
- Not realistic to expect them to last.

Current program focuses mainly on surface repairs.

Pavement Condition Analysis:
over 60 cores tested, citywide.

"...the condition of the base will provide adequate support for a mill-and-overlay."

*-Braun Intertec Pavement Coring Report
August 2013*
