REGULAR CITY COUNCIL MEETING
RICHFIELD MUNICIPAL CENTER, COUNCIL CHAMBERS
FEBRUARY 11, 2020
7:00 PM
REGULAR CITY COUNCIL MEETING
INTRODUCTORY PROCEEDINGS

Call to order
Pledge of Allegiance
Open forum

Each speaker is to keep their comment period to three minutes to allow sufficient time for others. Comments are to be an opportunity to address the Council on items not on the agenda. Individuals who wish to address the Council must have registered prior to the meeting.

Approval of the Minutes of the: (1) Special Concurrent City Council and Housing and Redevelopment Authority Work Session January 21, 2020; (2) Special City Council Work Session January 23, 2020; (3) City Council Work Session January 28, 2020; and (4) City Council Meeting January 28, 2020.

AGENDA APPROVAL

1. Approval of the Agenda

2. Consent Calendar contains several separate items, which are acted upon by the City Council in one motion. Once the Consent Calendar has been approved, the individual items and recommended actions have also been approved. No further Council action on these items is necessary. However, any Council Member may request that an item be removed from the Consent Calendar and placed on the regular agenda for Council discussion and action. All items listed on the Consent Calendar are recommended for approval.

   A. First reading of transitory ordinance providing funding for certain capital improvements from the Special Revenue Fund.

      Staff Report No. 27

   B. Consider the adoption of a resolution authorizing acceptance of Office of Traffic Safety (OTS) funds for a vehicle to be used for distracted driving enforcement.

      Staff Report No. 28

   C. Continue consideration of land use applications for Chase Bank at Market Plaza (6501 Woodlake Drive) to February 24, 2020.

      Staff Report No. 29

3. Consideration of items, if any, removed from Consent Calendar

   PROPOSED ORDINANCES

4. Consider approval of an ordinance, and summary publication of said ordinance, amending Section 405 of the City Code related to housing maintenance and adopting the International Property Maintenance Code (IPMC).
5. Consider the approval of agreements with non-profit organizations to provide social services to the City of Richfield and authorization of the City Manager to execute agreements with those agencies.

6. City Manager's Report

7. Claims and Payroll

8. Hats Off to Hometown Hits

9. Adjournment

Auxiliary aids for individuals with disabilities are available upon request. Requests must be made at least 96 hours in advance to the City Clerk at 612-861-9738.
CALL TO ORDER

The work session was called to order by Chair Supple at 5:30 p.m. in the Bartholomew Room.

Council Members Present: Maria Regan Gonzalez, Mayor; Mary Supple; Simon Trautmann, and Ben Whalen.

Council Members Absent: Edwina Garcia.

HRA Members Present: Mary Supple, Chair; Maria Regan Gonzalez; Sue Sandahl; and Erin Vrieze Daniels.

HRA Members Absent: Pat Elliott.

Staff Present: Katie Rodriguez, City Manager; John Stark, HRA Executive Director/Community Development Director; Julie Urban, Housing Manager; Melissa Poehlman, Assistant Community Development Director; Neil Ruhland, Communication and Engagement Manager; Kate Aitchison, Housing/Communications Specialist; and LaTonia DuBois, Administrative Assistant.

Others Present: Stephanie Ahles, HueLife; members of the community.

Item #1 FACILITATED WORKSHOP ON AFFORDABLE HOUSING GOALS

Chair Supple explained this is an interactive workshop and audio may be difficult at times.

Housing Manager Julie Urban provided background information on affordable housing and introduced Stephanie Ahles of HueLife.

Stephanie Ahles of HueLife explained the agenda and some objectives for the evening. Stephanie asked Policy Makers to introduce themselves and what type of housing they grew up in and asked them to describe what affordable housing looks like to each of them.

Housing Manager Julie Urban provided a data review on affordable housing and presented data on affordable housing in Richfield. She explained how current policy is working, discussed accessibility and how affordability is determined by the Met Council.
Stephanie explained the process for the evening and asked Policy Makers to answer several questions about what affordable housing looks like. Policy Makers discussed thoughts on the current affordable housing situation in Richfield and future goals and challenges. Policy Makers broke into groups and brainstormed and came up with similar objectives and areas of concern. Policy Makers came back together and shared their ideas and had conversations regarding housing goals and policies. Objectives were placed on a board and grouped into categories of similarity. A visual of the City Council and HRA affordable housing goals was pieced together and displayed on the board. Policy Makers discussed how to build on the goals with current policies and which objectives would have the biggest impact on the community and which of these they would consider of most significance. The themes agreed on were: preserve, protect and improve the quality of NOAH; have plenty of diverse options within affordable housing for all residents; fully integrate affordable housing into community and provide equitable access to all its amenities; and create proactive policies and tools to reach our vision for affordability and small business ownership.

Chair Supple invited members of the community to join the Housing and Redevelopment meeting.

**ADJOURNMENT**

The work session was adjourned by unanimous consent at 7:00 p.m.

Date Approved: February 11, 2020

Maria Regan Gonzalez
Mayor

LaTonia DuBois
Administrative Assistant

Katie Rodriguez
City Manager
CALL TO ORDER

The work session was called to order by Council Member Regan Gonzalez at 4:43 p.m. in the Babcock Room.

Council Members Present: Maria Regan Gonzalez, Mayor; Mary Supple; and Ben Whalen

Council Members Absent: Edwina Garcia; and Simon Trautmann

Staff Present: Blanca Martinez Gavina, Executive Analyst

Item #1 REVIEW OF BOARDS/COMMISSIONS APPLICATIONS

Council Members discussed board and commission candidates for the City of Richfield.

ADJOURNMENT

The work session was adjourned by unanimous consent at 5:07 p.m.

Date Approved: February 11, 2020

CALL TO ORDER

The work session was called to order by Mayor Maria Regan Gonzalez at 5:45 p.m. in the Bartholomew Room.

Council Members Present: Maria Regan Gonzalez, Mayor; Edwina Garcia; Mary Supple; and Ben Whalen.

Council Members Absent: Simon Trautmann

Staff Present: Katie Rodriguez, City Manager; Chris Regis, Finance Director; Mike LaFond, Utility Billing Clerk; Russ Lupkes, Utilities Engineer; Jack Broz, Transportation Engineer; and Blanca Martinez Gavina, Executive Analyst.

Others Present: April Crockett, MnDOT Metro District, West Area Manager; and Aaron Tag, MnDOT West Area Engineer

Item #1  MNDOT PRESENTATION OF INFORMATION ON HIGHWAY 5 RECONSTRUCTION PROJECT FOR APRIL 2020 TO NOVEMBER 2020.

City Manager Rodriguez introduced the item for discussion along with the members presenting the information.

MnDOT West Area Engineer, Aaron Tag, gave an overview of the project scope including multiple bridge repairs within terminal one interchange, project staging and detours. He then described the three stages involved beginning in April and concluding in September. Aaron also spoke of how this project differs from their usual ones due to the frequent use of the corridor and 20 to 30 percent of that use is airport travelers. These users may be from out of the area/state and not familiar with alternate routes. He continued on to clarify the entrance and exit to Terminal 1 from Highway 5.

Council Member Supple asked about the detour and crosstown (Highway 62) and whether it is working effectively to handle the detour process.

MnDOT West Area Engineer, Aaron Tag, stated there will be additional congestion but there are a number of areas within Highway 62 that will be marked as three lanes instead of two. He continued to explain they will advertise a three prong approach to communications: (1) Know before
you go; (2) Informed travel decision; and (3) Real time travel information to ensure the public has all the necessary information.

Council Member Garcia asked if the information would be on the City website. Transportation Engineer Broz confirmed there will be a strong push to all available communication channels during reconstruction.

MnDOT West Area Engineer, Aaron Tag, discussed the timeline for the project and what the ‘around the airport’ website will have in terms of content.

Council Member Whalen asked about the additional 25 minutes to the travel routes and if that is with or without the mitigation. Aaron confirmed that is with the mitigation of lanes.

Mayor Regan Gonzalez asked about other specific problem areas and being able to prepare those areas for the expected delays. MnDOT West Area Engineer, Aaron Tag, explained they are attempting to prepare backup plans in case delays are worse than expected.

Transportation Engineer Broz spoke of the communication with staff and residents and there will be various types of outreach.

Council Member Supple inquired if the project will impact the Fort Snelling Historical Society. MnDOT West Area Engineer, Aaron Tag, stated they have had meetings with the Historical Society and the worry is during the April-May months regarding school tours. They will be working together to make sure all necessary information is being provided to schools before their arrival to allow school buses required time for any delays.

Mayor Regan Gonzalez thanked Richfield staff, along with Aaron and April, for their time and energy as well as the continued communication around the project.

| Item #2 | CONSIDERATION OF IMPLEMENTING OWNER ONLY UTILITY BILLING |

City Manager Rodriguez introduced the item for discussion and staff presenting.

Director Regis spoke to the need to solve issues around communication and a way to be more transparent. He continued to state the responsible party will be receiving the bill instead of renters. Director Regis also stated that traditionally, property owners come to prefer this process because it puts them in control. It is the hope this process will also reduce cost and time spent by employees to remedy incorrect billing.

Council Member Supple asked if this owner only billing concept is only applicable to single family homes that are rented. Director Regis confirmed that it will only be applicable to single family homes, duplexes, and commercial buildings.

Utility Billing Clerk LaFond spoke to how in larger units, they are billed as one unit.

Council Member Whalen agrees with the process but expressed frustration about a trend in which the experience for renters can be perceived as an afterthought. He approves with moving forward with the process but would like to ensure that the experience of residents is the priority of consideration.

Director Regis confirmed that the process will be no different from what our current renters are used to currently.
City Manager Rodriguez stated the owners can also be a resident and this procedure is a way to enforce the City billing process as it created consistency.

Council Member Garcia asked if the property manager would decide how much each resident pays and how it is divided. Director Regis explained this would be for rented properties that most likely have individual meters and renters can request a statement of bills to see how much they will be expected to pay.

City Manager Rodriguez clarified the owner will have the option of adding the utility to the rent or send it directly to the renter. Council Member Garcia agreed this process seems to be fairer.

City Manager Rodriguez summarized the key aspects in which there should be an inclusion of the impact on renters in future staff reports but overall there seemed to be a positive response to move forward with owner only billing. Mayor Regan Gonzalez agreed.

**ADJOURNMENT**

The work session was adjourned by unanimous consent at 6:31 p.m.

Date Approved: February 11, 2020

CALL TO ORDER

The meeting was called to order by Mayor Maria Regan Gonzalez at 7:00 p.m. in the Council Chambers.

Council Members Present: Maria Regan Gonzalez, Mayor; Edwina Garcia; Mary Supple; and Ben Whalen.

Council Members Absent: Simon Trautmann

Staff Present: Katie Rodriguez, City Manager; Mary Tietjen, City Attorney; Neil Ruhland, Communications Manager; Jay Henthorne, Police Chief; Mike Flaherty, Public Safety Deputy Chief; Jamie Maiser, Public Safety Administrative Aid; Jennifer Anderson, Support Services Supervisor; and Blanca Martinez Gavina, Executive Analyst.

PLEDGE OF ALLEGIANCE

Mayor Regan Gonzalez led the Pledge of Allegiance

APPROVAL OF MINUTES

Mayor Regan Gonzalez spoke of the adjustments made to the list of Council liaisons to local, regional, and city boards and commissions. These changes are reflected online.

M/Supple, S/Whalen to approve the minutes of the: (1) City Council Work Session for January 08, 2020; (2) Special City Council Work Session of January 11, 2020; (3) City Council Work Session of January 14, 2020; (4) City Council Meeting of January 14, 2020; and (5) Special City Council Work Session of January 16, 2020.

Motion carried 4-0.

Item #1 APPROVAL OF THE AGENDA
M/Supple, S/Garcia to remove item #5 from the agenda and approve remaining agenda items.

Motion carried 4-0.

<table>
<thead>
<tr>
<th>Item #2</th>
<th>CONSENT CALENDAR</th>
</tr>
</thead>
</table>

City Manager Rodriguez presented the consent calendar.

A. Consider the approval of a Temporary On-Sale Intoxicating Liquor license for the Church of St. Peter, located at 6730 Nicollet Avenue South, for their Ham Bingo event taking place on March 28, 2020 (Staff Report No. 15)

B. Consider the approval of a Temporary On-Sale Intoxicating Liquor license for the Church of St. Peter, located at 6730 Nicollet Avenue South, for their Spaghetti Dinner event taking place on February 16, 2020 (Staff Report No. 16).

C. Consider the adoption of a resolution appointing election judges for the Presidential Nomination Primary of March 3, 2020 and approval of the absentee ballot board for the 2020 Election cycle (Staff Report No. 17).

RESOLUTION NO. 11711

D. First reading of an ordinance amending Section 405 of the City Code related to housing maintenance and adopting the International Property Maintenance Code (IPMC) (Staff Report No. 18).

E. Consider the approval of a Construction and Maintenance Agreement with Morrie’s Richfield JRL RE, LLC (Morrie’s Jaguar Land Rover) that defines ownership and maintenance responsibilities for certain features constructed at 1525 East 77th Street (Staff Report No. 19).

F. Consider the approval of a Construction and Maintenance Agreement with NOVO, LLC that defines ownership and maintenance responsibilities for certain features constructed at 2400 West 66th Street (Staff Report No. 20).

G. Consider the approval of a Construction and Maintenance Agreement with Chamberlain Apartments, LLC that defines ownership and maintenance responsibilities for certain features constructed at 6630, 6700, and 6701 Richfield Parkway (Staff Report No. 21).

M/Garcia, S/Supple to approve the consent calendar
### Item #3

**CONSIDERATION OF ITEMS, IF ANY, REMOVED FROM CONSENT CALENDAR**

None

### Item #4

<table>
<thead>
<tr>
<th>CONSIDER APPROVAL OF AN ORDINANCE REZONING PROPERTY AT 6501 WOODLAKE DRIVE (MARKET PLAZA/VILLAGE SHORES). CONSIDER APPROVAL OF A RESOLUTION GRANTING AN AMENDMENT TO THE MARKET PLAZA/VILLAGE SHORES PLANNED UNIT DEVELOPMENT TO ALLOW A NEW BUILDING FOR A BANK BRANCH WITH A DRIVE-UP ATM. CONSIDER APPROVAL OF A RESOLUTION GRANTING A SUBDIVISION WAIVER TO ALLOW THE CREATION OF A SEPARATE LOT FOR THE PROPOSED BUILDING (STAFF REPORT NO. 22)</th>
</tr>
</thead>
</table>

Council Member Whalen read Staff Report 22.

Director Stark reviewed the rezoning designation and proposed building plans for the area.

Council Member Whalen suggested to separate the three items under consideration.

M/Whalen, S/Supple to approve an ordinance rezoning property at 6501 Woodlake Drive (Market Plaza/Village Shores).

Motion carried 4-0

M/Whalen, S/Supple to approve a resolution granting an amendment to the Market Plaza/Village Shores planned unit development to allow a new building for a bank branch with a drive-up ATM.

Council Member Whalen expressed his disappointment that the pedestrian path the developer agreed to on the west side of the building has not been included in the plans. He also had concerns about the grade of the lot and wondered of any options including ramps to include a more accessible building.

David Knaebble, Project Manager, spoke to the sidewalk connection to the property on the west side and showed the proposed plan. He also addressed the grading for the parking lot and the options considered.

Mayor Regan Gonzalez questioned why there is a proposed drive through ATM for the bank instead of in the entrance of the building.

Terron Wright, Architect, poke to the convenience of a drive through ATM for customers but it can be discussed with the company to have it not included in the build.
Council Member Whalen wondered if the grade problems would be a concern with any proposed development for this property. Director Stark suggested that depending on the needs of a building, some of the issues could be mitigated.

Mayor Regan Gonzalez requested to table this item and revisit in two weeks. She would like to see the staff discuss with the developer all the grading issues, the drive through ATM, and the parking agreement with Hennepin Health.

Director Stark proposed further discussion on ways that these issues can be accommodated.

M/Whalen, S/Supple to withdraw approval of a resolution granting an amendment to the Market Plaza/Village Shores planned unit development to allow a new building for a bank branch with a drive-up ATM.

M/Regan Gonzalez, S/Garcia to table to (1) Consider approval of a resolution granting an amendment to the Market Plaza / Village Shores planned unit development to allow a new building for a bank branch with a drive-up ATM; and (2) Consider approval of a resolution granting a subdivision waiver to allow the creation of a separate lot for the proposed building.

Motion carried 4-0

RESOLUTION NO. 11712

RESOLUTION APPROVING AN AMENDED FINAL DEVELOPMENT PLAN AND CONDITIONAL USE PERMIT FOR A PLANNED UNIT DEVELOPMENT AT 6501 WOODLAKE DRIVE

RESOLUTION NO. 11713

RESOLUTION AUTHORIZING A SUBDIVISION WAIVER FOR MARKET PLAZA AND VILLAGE SHORES AT 6501 WOODLAKE DRIVE

Item #5

CONSIDER THE APPROVAL OF A RESOLUTION AUTHORIZING THE LAWFUL GAMBLING PREMISES PERMIT FOR MINNEAPOLIS-RICHLAND AMERICAN LEGION POST #435, 6501 PORTLAND AVE SOUTH (STAFF REPORT NO. 23)

M/Supple, S/Garcia to remove item from the agenda per the request of the Minneapolis-Richfield American Legion Post #435.

Motion carried 4-0

Item #6

CONSIDER A RESOLUTION TO SUPPORT THE COORDINATED CENSUS EFFORTS AND FUNDING TO ENSURE THAT ALL RICHLAND RESIDENTS ARE COUNTED IN THE 2020 CENSUS (STAFF REPORT NO. 24)
Council Member Garcia presented Staff Report 24. She spoke of the coordinated efforts in the whole county and if a good count is not taken, a loss of representation in Congress could occur. She also addressed some of the fears around the Census such as status and immigration.

Mayor Regan Gonzalez thanked Executive Analyst, Blanca Martinez Gavina, for her efforts in leading to prepare for the 2020 Census.

M/Garcia, S/Supple to consider a resolution to support the coordinated Census efforts and funding to ensure that all Richfield residents are counted in the 2020 Census.

RESOLUTION NO. 11710

RESOLUTION SUPPORTING THE RICHFIELD COUNTS 2020 CENSUS EFFORTS

Motion carried 4-0.

| Item #7 | VIOLATION HEARING AND CONSIDERATION OF A RESOLUTION REGARDING CIVIL ENFORCEMENT FOR ESTABLISHMENTS THAT RECENTLY UNDERWENT ALCOHOL COMPLIANCE CHECKS CONDUCTED BY RICHFIELD PUBLIC SAFETY STAFF AND FAILED BY SELLING ALCOHOL TO UNDERAGE YOUTH (STAFF REPORT NO. 25) |

Mayor Regan Gonzalez presented Staff Report 25.

M/Supple, S/Garcia to approve a resolution regarding civil enforcement for (1) El Tejaban Mexican Grill; (2) La Vaquita 2; and (3) Giordano’s of Richfield that recently underwent alcohol compliance checks conducted by Richfield Public Safety staff, and failed by selling alcohol to underage youth.

Ehrick Halland, Reginal Manager of Giordano’s of Richfield, introduced himself, explained the occurrence with the employee, and admitted to the violation.

Wendy, General Manager of El Tejaban Mexican Grill, admitted to the violation and discussed the steps they will be taking to not allow this to happen again.

Support Services Supervisor Anderson spoke with the representative for La Vaquita 2 before she had to leave the Council meeting and they have admitted to the claims and will endure the penalties put forth by the Council.

Motion carried 4-0.

RESOLUTION NO. 11715

RESOLUTION SUSPENDING THE LIQUOR LICENSE FOR EL TEJABAN MEXICAN RESTAURANT, LLC. d/b/a EL TEJABAN MEXICAN GRILL, 6519 NICOLLET AVENUE SOUTH, AND IMPOSING A CIVIL PENALTY FOR FIRST TIME ALCOHOL COMPLIANCE FAILURE

</tr>
</thead>
</table>

Mayor Regan Gonzalez read Staff Report 26.

M/Garcia, S/Whalen to consider appointments to fill mid-term or vacant positions to City advisory boards and commissions.

Council Member Garcia described how they received many applicants for the positions. People are very excited to serve their community.

Council Member Whalen expressed his gratitude to all the residents that applied, which were about 50 applicants. He is excited to see so many wonderful residents wanting to shape the future of the community.

Council Member Supple echoed the thank you to all the residents for applying.

Mayor Regan Gonzalez also thanked all the applicants and staff for taking time to participate. She addressed the changes that have been made in order to better accommodate the high number of residents that would like to serve.

Motion carried 4-0.

**OPEN FORUM**

Wilmery Quinones, sister of Brian Quinones, stated that she is tired of coming to Council meetings and continually asking for the same things. She also mentioned her family still lives in Richfield and she hates coming to visit them.

Oscar Colera believes changes need to be made and Council should be serving the people.

Mayor Regan Gonzalez stated the investigation regarding Brian Quinones is being conducted by Hennepin County and the City has been in full cooperation. She would also like to see a conclusion and has urged Hennepin County to expedite their decision.

Isis Eby, St. Paul resident, does not believe she is safe when she comes to Richfield. She would like the officers involved in the Brian Quinones case to be taken off the streets.

Keith McCarron, Minneapolis resident, wants to know if mental health crisis is a crime and would like to know if the police officers have a procedure to deal with mental health.

Maria Rosario, mother of Brian Quinones, expressed how much pain she has gone through.

Paul Bosman, Minneapolis resident and Lawyer, believes the City is withholding data in regards to the squad car video.

Don Williams, Minnesota resident, read the oxford definition of homicide, the mission of Richfield’s Police Department and his stated his disappointment in the department not living up to their mission. He demanded the Mayor and Council members build trust and review the process and add body cameras and release data that has been requested.

Chara Blanch, Richfield resident, discussed her frustration with the City of Richfield and her perceived lack of compliance and demanded the dash camera footage from the officer involved shooting is released. She also spoke about how she does not feel safe in Richfield, fears for her son, and has contemplated moving. She addressed the need for body cameras to be implemented this year.

Senior Administrative Assistant  
Katie Rodriguez  
City Manager
ITEM FOR COUNCIL CONSIDERATION:
First reading of transitory ordinance providing funding for certain capital improvements from the Special Revenue Fund.

EXECUTIVE SUMMARY:
As part of the Capital Improvement Budget and annual City Budget process, certain special revenue funds are allocated each year to fund capital projects identified through the budget process.

The source of the special revenue funds are profits derived from the City’s Liquor Store operation. These profits are transferred to the Liquor Contribution Special Revenue Fund.

Before the funds within the Special Revenue Fund can be used for the identified capital projects, the City Charter requires that a transitory ordinance be used to authorize the expenditure of the funds. In addition, the ordinance process allows for public input through a public hearing.

The proposed funding for 2020 totals $450,000 and encompasses several park and recreation related projects.

RECOMMENDED ACTION:
By Motion: Approve first reading of the transitory ordinance providing for the expenditure of funds from the Special Revenue Fund for certain capital improvements, schedule public hearing and second reading for March 10, 2020.

BASIS OF RECOMMENDATION:

A. HISTORICAL CONTEXT
At the December 10, 2019 City Council meeting, the City Council authorized $450,000 of Special Revenue Funds for improvements to several City capital improvements in 2020.

- Included in the $450,000 are:
  - $50,000 for Major Park Maintenance Projects/Fence Repair
  - $50,000 Community Center/Wood Lake Building Repair
  - $180,000 Augsburg Park Play Equipment
  - $85,000 Madison Park Play Equipment
$85,000 Washington Park Play Equipment

The 2020 Capital Improvement Budget also provides for expenditures for all types of funds contained in the budget including municipal state aid, user fees, state grants, county funds, and issuance of debt.

Authorization by ordinance is not required for expenditures other than Special Revenues.

B. POLICIES (resolutions, ordinances, regulations, statutes, etc):

- City Charter Section 7.12, Subd. 2 requires that Special Revenue Funds used for capital improvements must be authorized by ordinance.
- This process provides for public input through a public hearing.

C. CRITICAL TIMING ISSUES:

- Under Section 3.09 of the City Charter, a transitory ordinance becomes effective 30 days after publication of the second hearing notice.
- The ordinance requirements must be completed early enough in 2020 so that the capital projects can be initiated on a timely basis, completed and the funds expended.
- It is suggested that the first reading of the transitory ordinance take place on February 11, 2020 and a public hearing and second reading be completed at the March 10, 2020 City Council meeting.

D. FINANCIAL IMPACT:

- While the total 2020 Capital Improvements Budget (CIB) includes total budgeted expenditures of $18,285,980 the portion of CIB concerning proposed funding from the Special Revenue fund is 450,000.

<table>
<thead>
<tr>
<th>Description</th>
<th>Type</th>
</tr>
</thead>
<tbody>
<tr>
<td>Major Park Maintenance Projects/Fence Repair</td>
<td>$50,000</td>

</tr>
<tr>
<td>Washington Park Play Equipment</td>
<td>$85,000</td>
</tr>
</tbody>
</table>

- A transitory ordinance is necessary to finalize the appropriations utilizing special revenue funds pursuant to City Charter.
- The source of Special Revenue funds is municipal liquor profits.

E. LEGAL CONSIDERATION:

The City Charter requires that a transitory ordinance be used to authorize the expenditure of Special Revenue funds.

ALTERNATIVE RECOMMENDATION(S):

- The City Council could postpone the first reading of the transitory ordinance to a future City Council meeting.
- The City Council could decide to authorize none or only a portion of the expenditures identified from special revenue in the CIB.

PRINCIPAL PARTIES EXPECTED AT MEETING:

None.

ATTACHMENTS:

<table>
<thead>
<tr>
<th>Description</th>
<th>Type</th>
</tr>
</thead>
</table>
BILL NO.
TRANSITORY ORDINANCE NO.

AN ORDINANCE PROVIDING FOR THE EXPENDITURE OF MONEY FROM THE SPECIAL REVENUE FUND FOR CERTAIN CAPITAL IMPROVEMENTS

CITY OF RICHFIELD DOES ORDAIN:

Section 1: It is found and determined to be necessary and expedient for the City to expend money from the Special Revenue Fund for the making of capital improvements listed in Section 2 hereof, for which the City would be authorized to issue general obligation bonds.

Section 2: The capital improvements and amounts of expenditures for such improvements which are authorized to be paid from the Special Revenue Fund under Section 7.12, Subdivision 2 of the City Charter, are as follows:

<table>
<thead>
<tr>
<th>Improvement</th>

Section 3: The expenditures herein authorized shall be made pursuant to such contracts as are authorized from time to time by Council action.

Passed by the City Council of the City of Richfield this 11th day of February, 2020.

Maria Regan Gonzalez, Mayor

ATTEST:

Elizabeth VanHoose, City Clerk
ITEM FOR COUNCIL CONSIDERATION:
Consider the adoption of a resolution authorizing acceptance of Office of Traffic Safety (OTS) funds for a vehicle to be used for distracted driving enforcement.

EXECUTIVE SUMMARY:
The National Highway Traffic Safety Administration (NHTSA) is providing federal funding to the OTS to implement a program to support distracted driving enforcement. The grant is administered through the OTS. The City of Richfield has been awarded $94,100.00 for 2020.

RECOMMENDED ACTION:
By motion: Adopt a resolution allowing the Richfield Department of Public Safety to accept a grant from the Office of Traffic Safety (OTS) to fully fund a vehicle for enforcement of distracted driving.

BASIS OF RECOMMENDATION:
A. HISTORICAL CONTEXT
Richfield Police Department is part of a multi-jurisdictional Federal Fiscal Year 2020, Towards Zero Death Enforcement Grant that includes:
- Airport Police Department,
- Bloomington Police Department,
- Hopkins Police Department,
- Edina Police Department,
- Eden Prairie Police Department
- St. Louis Park Police Department.
Richfield Police Department will purchase and equip the vehicle with grant funding, to be used for distracted driving enforcement. The vehicle will be stored at the Richfield Police Department when not in use.
- From 2013-2017 in Hennepin County, 25 people died as a result of inattention in traffic crashes
  - The economic impact of these inattention related deaths was $29,262,000.
  - There were 199 total traffic deaths during this time in Hennepin County.
  - The economic impact of total deaths was $298,896,000.
  - There were 193 people seriously injured as a result of inattention in traffic crashes during this time.
The economic impact of these injuries was $15,953,200.

B. **POLICIES (resolutions, ordinances, regulations, statutes, etc):**

   Public Safety does not accept financial support unless it is designated for a specific program that will affect the department as a whole.
   - The grant money will be used by Public Safety to pay for one vehicle and any remaining funds can be used to conduct overtime distracted driving enforcement.
   - Minnesota Statute 465.03 requires that every acceptance of a grant or devise of real or personal property on terms prescribed by the donor be made by resolution of more than two-thirds majority of the City Council.
   - The Administrative Services Department issued a memo on November 9, 2004, requiring that all grants and restricted donations to departments be received by resolution and by a two-thirds majority of the City Council in accordance with Minnesota Statute 465.03.

C. **CRITICAL TIMING ISSUES:**

   N/A

D. **FINANCIAL IMPACT:**

   - The Richfield Department of Public Safety has developed a work plan and budget that have been approved by the OTS.
   - The grant will cover the purchase of a vehicle and any remaining funds can be used to conduct overtime distracted driving enforcement by all agencies in the grant.
   - A joint powers agreement will be executed on behalf of the participating jurisdictions to help cover fuel and maintenance costs for the duration of the grant.

E. **LEGAL CONSIDERATION:**

   There are no legal considerations.

**ALTERNATIVE RECOMMENDATION(S):**

Council could disapprove the acceptance of the grant but the Richfield Department of Public Safety would than not be able to purchase a vehicle for inattentive or distracted driving enforcement.

**PRINCIPAL PARTIES EXPECTED AT MEETING:**

None

Under Minn. Stat. § 299A.01, Subd 2 (4) the State is empowered to enter into this grant agreement.

**Term:** Effective date is the date shown above or the date the State obtains all required signatures under Minn. Stat. § 16B.98, subd. 7, whichever is later. Once this grant agreement is fully executed, the Grantee may claim reimbursement for expenditures incurred pursuant to the Payment clause of this grant agreement. Reimbursements will only be made for those expenditures made according to the terms of this grant agreement. Expiration date is the date shown above or until all obligations have been satisfactorily fulfilled, whichever occurs first.

The Grantee, who is not a state employee will:
Perform and accomplish such purposes and activities as specified herein and in the Grantee’s approved 2020 NHTSA Funding RFP: Distracted Driving Truck Application (“Application”) which is incorporated by reference into this grant agreement and on file with the State at Office of Traffic Safety, 445 Minnesota St., Suite 1620, St. Paul, Minn. 55101. The Grantee shall also comply with all requirements referenced in the 2020 NHTSA Funding RFP: Distracted Driving Truck Guidelines and Application which includes the Terms and Conditions and Grant Program Guidelines (https://app.dps.mn.gov/EGrants), which are incorporated by reference into this grant agreement.

**Budget Revisions:** The breakdown of costs of the Grantee’s Budget is contained in Exhibit A, which is attached and incorporated into this grant agreement. As stated in the Grantee’s Application and Grant Program Guidelines, the Grantee will submit a written change request for any substitution of budget items or any deviation and in accordance with the Grant Program Guidelines. Requests must be approved prior to any expenditure by the Grantee.

**Matching Requirements:** (If applicable.) As stated in the Grantee’s Application, the Grantee certifies that the matching requirement will be met by the Grantee.
Payment: As stated in the Grantee’s Application and Grant Program Guidance, the State will promptly pay the Grantee after the Grantee presents an invoice for the services actually performed and the State's Authorized Representative accepts the invoiced services and in accordance with the Grant Program Guidelines. Payment will not be made if the Grantee has not satisfied reporting requirements.

Certification Regarding Lobbying: (If applicable.) Grantees receiving federal funds over $100,000.00 must complete and return the Certification Regarding Lobbying form provided by the State to the Grantee.

1. ENCUMBRANCE VERIFICATION
   Individual certifies that funds have been encumbered as required by Minn. Stat. §§ 16A.15 and 16C.05.

RESOLUTION NO.

RESOLUTION AUTHORIZING THE DEPARTMENT OF PUBLIC SAFETY/POLICE TO ACCEPT GRANT MONIES FROM THE OFFICE OF TRAFFIC SAFETY IN THE AMOUNT OF $94,100.00 OR A LESSER AMOUNT, AS AWARDED BY THE DEPARTMENT OF PUBLIC SAFETY, TO FUND A VEHICLE FOR DISTRACTED DRIVING ENFORCEMENT.

WHEREAS, Richfield Police Department has been approved by the Office of Traffic Safety (OTS) to receive funds made through federal funding provided by the National Highway Traffic Safety Administration (NHTSA); and

WHEREAS, Richfield is scheduled to be awarded $94,100.00 or a lesser amount as awarded by the Minnesota Department of Public Safety to be used as designated by the grant agreement which mandates that the a vehicle dedicated to distracted driving enforcement, and a joint powers agreement with multi-jurisdictions;

WHEREAS, Richfield has agreed that the Minnesota Department of Public Safety will serve as the fiscal agent; and,

WHEREAS, in accordance with the agreement, squad operating costs per mile, maintenance, will be covered by the Richfield Department Public Safety; and,

WHEREAS, Richfield Police has established an approved budget with the OTS for $94,100.00 or a lessor amount for the distracted driving enforcement program; and,

NOW, THEREFORE, BE IT RESOLVED that the City of Richfield, Public Safety Department enter into a grant agreement with the Minnesota Department of Public Safety, for traffic safety enforcement projects during the period from January 20, 2020 to September 30, 2020.

Adopted by the City Council of the City of Richfield, Minnesota this 11th day of February, 2020.

Maria Regan Gonzalez, Mayor

ATTEST:

Elizabeth VanHoose, City Clerk
ITEM FOR COUNCIL CONSIDERATION:
Continue consideration of land use applications for Chase Bank at Market Plaza (6501 Woodlake Drive) to February 24, 2020.

EXECUTIVE SUMMARY:
Civil Site Group ("Applicant") has submitted plans for a Chase Bank building with a drive-up ATM in the parking lot of Market Plaza, on the northwest corner of Lyndale Avenue and 66th Street. On January 28, 2020, the City Council tabled consideration of the proposed development to the next meeting on February 11. The Applicant has requested that the Council delay consideration of the proposal until February 24, so that they may continue to work on resolving the issues and questions raised by the Council at the January 28 meeting.

RECOMMENDED ACTION:
By motion: Continue consideration of land use applications for Chase Bank at Market Plaza to February 24, 2020.

BASIS OF RECOMMENDATION:
A. HISTORICAL CONTEXT
N/A
B. POLICIES (resolutions, ordinances, regulations, statutes, etc):
N/A
C. CRITICAL TIMING ISSUES:

60-DAY RULE: The 60-day clock 'started' when a complete application was received on November 29, 2019. Due to the long gap between the Planning Commission meeting and City Council consideration, staff informed the Applicant that the City was extending the timeline for a decision by 30 days. A decision is required by February 27, 2020, or the Council must notify the applicant that it is extending the deadline for issuing a decision by 30 additional days (120 days total - March 28, 2020). If a decision is reached at the Council meeting on February 24, no further extension will be necessary.

D. FINANCIAL IMPACT:
None.

E. **LEGAL CONSIDERATION:**
   - A public hearing was held before the Planning Commission on December 9, 2019. Notice of the public hearing was mailed to properties within 350 feet of the proposed development and published in the Sun Current newspaper.
   - The Planning Commission voted (4-2) to recommend approval of the development plans.
   - On January 28, the Council approved an ordinance rezoning the Market Plaza property from Planned Multifamily Residential (PMR) to Planned Mixed Use (PMU). The Council tabled consideration of land use applications to subdivide the property (Subdivision Waiver) and to amend the Market Plaza Planned Unit Development (Amend PUD).

**ALTERNATIVE RECOMMENDATION(S):**
None.

**PRINCIPAL PARTIES EXPECTED AT MEETING:**
None
ITEM FOR COUNCIL CONSIDERATION:
Consider approval of an ordinance, and summary publication of said ordinance, amending Section 405 of the City Code related to housing maintenance and adopting the International Property Maintenance Code (IPMC).

EXECUTIVE SUMMARY:
In order to protect public health, safety, and welfare, the City has established a number of housing maintenance standards. These regulations are generally found in Section 405 of the City Code and have been in place, in some form, since the early 1980s.

In 1998, the International Code Council published its first International Property Maintenance Code (IPMC). The IPMC establishes minimum requirements for the maintenance of existing buildings through model code regulations that contain clear and specific property maintenance and improvement provisions. Two states (New York and Virginia) and over 600 jurisdictions have adopted the IPMC with individual modifications, including at least 22 cities in Minnesota. The IPMC is updated on a 3-year cycle.

The City’s Housing Inspectors have long-desired the adoption of the IPMC, which provides clearer and more specific language than the City’s current Housing Code. Adoption of the IPMC by reference, with the proposed minor amendments, will not change property maintenance requirements within the City, but rather will allow Housing Inspectors to cite specific and clear code language to property owners/managers and thereby provide better guidance and customer service.

RECOMMENDED ACTION:
By motion:
1. Approve the attached ordinance amending Section 405 (Housing Code) of the City Code and adopting, by reference and as amended, the International Property Maintenance Code (IPMC); and
2. Approve a resolution authorizing summary publication of the attached ordinance amending Section 405 (Housing Code) of the City Code and adopting, by reference and as amended, the International Property Maintenance Code (IPMC).

BASIS OF RECOMMENDATION:
A. **HISTORICAL CONTEXT**  
   See Executive Summary

B. **POLICIES (resolutions, ordinances, regulations, statutes, etc):**  
   - A first reading of the proposed ordinance was approved by the City Council on January 28, 2020.  
   - Summary publication of adopted ordinances is permitted when the verbatim text of the amendment is cumbersome, and the expense of publication of the complete text is not justified.

C. **CRITICAL TIMING ISSUES:**  
   None

D. **FINANCIAL IMPACT:**  
   None

E. **LEGAL CONSIDERATION:**  
   The City Attorney has reviewed the proposed ordinance.

**ALTERNATIVE RECOMMENDATION(S):**  
Reject the adoption of the International Property Maintenance Code; existing Codes shall remain in place.

**PRINCIPAL PARTIES EXPECTED AT MEETING:**  
None

THE CITY OF RICHFIELD DOES ORDAIN:

Section 1. Subsection 405 of the Richfield City Code relating to housing maintenance is hereby repealed and replaced as follows:

Subsection 405.00. Purpose and policy. The purpose of this Section, which will be known as the housing maintenance code, is to protect the public health, safety, and welfare. This Section:

   a) Sets minimum standards for basic equipment and facilities, light, ventilation and heating, and minimum space, use, and location requirements;
   b) Determines the responsibilities of owners, operators, and residents of dwellings; and
   c) Provides for enforcement and penalties.

405.03. Adoption of International Property Maintenance Code.

   Subd. 2. Amendments to IPMC. The IPMC is amended as follows:

101.1 Title. These regulations shall be known as the International Property Maintenance Code of the City of Richfield, hereinafter referred to as "this code."

102.3.1 Minnesota State Building Code substitution. Throughout this Code, all references to the "International Building Code" shall be struck and replaced with "Minnesota State Building Code."
102.7 Referenced codes and standards. The codes and standards referenced in this code shall be those that are listed in Chapter 8 and considered part of the requirements of this code to the prescribed extent of each such reference and as further regulated in Sections 102.7.1 and 102.7.2. Where differences occur between provisions of this code and the MSBC, the MSBC shall apply.

Exception: Where enforcement of a code provision would violate the conditions of the listing of the equipment or appliance, the conditions of the listing shall apply.

[A] 102.7.1 Conflicts. Where conflicts occur between provisions of this code and the referenced standards, the provisions of this code shall apply.

[A] 102.7.2 Provisions in referenced codes and standards. Where the extent of the reference to a referenced code or standard includes subject matter that is within the scope of this code, the provisions of this code, as applicable, shall take precedence over the provisions in the referenced code or standard.

103.1 General. The department of property maintenance inspection is hereby created and the executive official in charge thereof shall be known as the code official. The City Manager or his or her designee is responsible for administering the provisions of this code. Collectively, these designees shall be known as the Code Official.

103.5 Fees. The fees for activities and services performed by the department in carrying out its responsibilities under this code shall be as indicated in the following fee schedule: Appendix D of the Richfield City Code.

106.4 Violation penalties. Any person who shall violate a provision of this code, or fail to comply therewith, or with any of the requirements thereof, shall be prosecuted within the limits provided by state or local laws. Each day that a violation continues after due notice has been served shall be deemed a separate offense.

107.1 Notice to person responsible. Whenever the code official determines that there has been a violation of this code or has grounds to believe that a violation has occurred, notice shall be given in the manner prescribed in Sections 107.2 and 107.3 to the person responsible for the violations as specified in this code. Notices for condemnation procedures shall comply with Section 108.3.

107.2 Form. Such notice prescribed in Section 107.1 shall be in accordance with all of the following:

1. Be in writing.
2. Include a description of the real estate sufficient for identification.
3. Include a statement of the violation or violations and why the notice is being issued.
4. Include a correction order allowing a reasonable time to make the repairs and improvements required to bring the dwelling unit or structure into compliance with the provisions of this code.
5. Inform the property owner or owner’s authorized agent of the right to appeal.
6. Include a statement of the right to file a lien in accordance with Section 106.3.

Section 108 Unsafe Structures and Equipment is deleted in its entirety.

111.1 Application for appeal. Any person directly affected by a decision of the code official or a notice or order listed under this code shall have the right to appeal to the board of appeals, provided that a written application under Section 320 of the city code. An application for appeal shall be based on a claim that the true intent of this code or the rules legally adopted thereunder have been incorrectly interpreted, the provisions of this code do not fully apply, or the requirements of this code are adequately satisfied by other means.

111.2 Membership of board is deleted in its entirety.

111.3 Notice of meeting is deleted in its entirety.

111.4 Open hearing is deleted in its entirety.

111.5 Postponed hearing is deleted in its entirety.

111.6 Board decision is deleted in its entirety.

111.7 Court review is deleted in its entirety.

111.8 Stays of enforcement is deleted in its entirety.

Section 112 Stop Work Order is deleted in its entirety.

201.3 Terms defined in other codes. Where terms are not defined in this code and are defined in the International Building Code, International Existing Building Code, International Fire Code, International Fuel Gas Code, International Mechanical Code, International Plumbing Code, International Residential Code, International Zoning Code or NFPA 70 MSBC and the city code, such terms shall have the meanings ascribed to them in those codes.

Section 202 General Definitions shall be amended as follows:

Garbage. The animal or vegetable waste resulting from the handling, preparation, cooking and consumption of food. (Also see “Rubbish.” Garbage and Rubbish shall be taken to encompass both definitions herein.)

Rubbish. Combustible and noncombustible waste materials, except garbage; the term shall include the residue from the burning of wood, coal, coke and other combustible materials, paper, rags, cartons, boxes, wood, excelsior, rubber, leather, tree branches, yard trimmings, tin cans, metals, mineral matter, glass, crockery and dust and other
similar materials. (Also see “Garbage.” Rubbish and Garbage shall be taken to encompass both definitions herein.)

301.3 Vacant structures and land. Vacant structures and premises thereof or vacant land shall be maintained in a clean, safe, secure and sanitary condition as provided herein so as not to cause a blighting problem or adversely affect the public health or safety in Section 925.02 of the city code.

302.4 Weeds is deleted in its entirety.

302.5 Rodent harborage is deleted in its entirety.

302.9 Defacement of property. A person shall not willfully or wantonly damage, mutilate or deface any exterior surface of any structure or building on any private or public property by placing thereon any marking, carving or graffiti. It shall be the responsibility of the owner to restore said surface to an approved state of maintenance and repair within 48 hours or as designated by the code official.

304.2 Protective treatment. Exterior surfaces, including but not limited to, doors, door and window frames, cornices, porches, trim, balconies, decks and fences, shall be maintained in good condition. Exterior wood surfaces, other than decay-resistant woods, shall be protected from the elements and decay by painting or other protective covering or treatment. Peeling, flaking and chipped paint shall be eliminated and surfaces repainted if on more than 20% of one side of any surface or building. Siding and masonry joints, as well as those between the building envelope and the perimeter of windows, doors and skylights, shall be maintained weather resistant and watertight. Metal surfaces subject to rust or corrosion shall be coated to inhibit such rust and corrosion, and surfaces with rust or corrosion shall be stabilized and coated to inhibit future rust and corrosion. Oxidation stains shall be removed from exterior surfaces. Surfaces designed for stabilization by oxidation are exempt from this requirement.

304.14 Insect screens. During the period from [date] to [date], every door, window and other outside opening required for ventilation of habitable rooms, food preparation areas, food service areas or any areas where products to be included or utilized in food for human consumption are processed, manufactured, packaged or stored shall be supplied with approved tightly fitting screens of minimum 16 mesh per inch (16 mesh per 25mm), and every screen door used for insect control shall have a self-closing device in good working condition.

Subsections 308.1 – 308.3 related to rubbish and garbage are replaced in their entirety as follows:

308.1 Disposal of garbage or rubbish. The City of Richfield reserves the right to utilize the enforcement and notice processes in Section 601 of the Richfield City Code for garbage, yard waste, and recyclables preparation, collection, and disposal, scavenging, and air pollution.
602.3 Heat supply. Every owner and operator of any building who rents, leases or lets one or more dwelling units or sleeping units on terms, either expressed or implied, to furnish heat to the occupants thereof shall supply heat during the period from September 15 to May 15 to maintain a minimum temperature of 68°F (20°C) in all habitable rooms, bathrooms and toilet rooms.

Exceptions:
1. When the outdoor temperature is below the winter outdoor design temperature for the locality, maintenance of the minimum room temperature shall not be required provided that the heating system is operating at its full design capacity. The winter outdoor design temperature for the locality shall be as indicated in Appendix D of the International Plumbing Code.
2. In areas where the average monthly temperature is above 30°F (-1°C), a minimum temperature of 65°F (18°C) shall be maintained.

602.4 Occupiable work spaces. Indoor occupiable work spaces shall be supplied with heat during the period from September 15 to May 15 to maintain a minimum temperature of 65°F (18°C) during the period the spaces are occupied.

Exceptions:
1. Processing, storage and operation areas that require cooling or special temperature conditions.
2. Area in which persons are primarily engaged in vigorous physical activities.

703.7 Vertical shafts is deleted in its entirety.

Sec. 2. This Ordinance will be effective in accordance with Section 3.09 of the City Charter.

Passed by the City Council of the City of Richfield, Minnesota this 11th day of February, 2020.

Maria Regan Gonzalez, Mayor

ATTEST:

Elizabeth VanHoose, City Clerk
RESOLUTION NO. _____

RESOLUTION APPROVING SUMMARY PUBLICATION OF AN ORDINANCE REPEALING SECTION 405 (HOUSING CODE) OF THE CITY CODE OF ORDINANCES AND ADOPTING THE INTERNATIONAL PROPERTY MAINTENANCE CODE WITH AMENDMENTS

WHEREAS, the City has adopted the above referenced amendment of the Richfield City Code; and

WHEREAS, the verbatim text of the amendment is cumbersome, and the expense of publication of the complete text is not justified.

NOW THEREFORE, BE IT RESOLVED by the City Council of the City of Richfield that the following summary is hereby approved for official publication:

SUMMARY PUBLICATION
BILL NO. __________

AN ORDINANCE REPEALING SECTION 405 (HOUSING CODE) OF THE CITY CODE OF ORDINANCES AND ADOPTING THE INTERNATIONAL PROPERTY MAINTENANCE CODE WITH AMENDMENTS

This summary of the ordinance is published pursuant to Section 3.12 of the Richfield City Charter.

This ordinance revises rules related the administration of Housing Maintenance. The City will now enforce housing maintenance regulations as described in the International Property Maintenance Code (IPMC). The IPMC establishes minimum requirements for the maintenance of existing buildings through model code regulations that contain clear and specific property maintenance and improvement rules. Adoption of the IPMC, as amended, will not significantly change any property maintenance requirements within the City, but rather will provide additional clarity and detailed information to property owners and managers.

Copies of the ordinance are available for public inspection in the City Clerk’s office during normal business hours or upon request by calling the Department of Community Development at (612) 861-9760.

Adopted by the City Council of the City of Richfield, Minnesota this 11th day of February, 2020.

PRINTED IN THE U.S.A.
PREFACE

Introduction

The I-Codes, including this International Property Maintenance Code, are used in a variety of ways in both the public and private sectors. Most industry professionals are familiar with the I-Codes as the basis of laws and regulations in communities across the U.S. and in other countries. However, the impact of the codes extends well beyond the regulatory arena, as they are used in a variety of nonregulatory settings, including:

- Voluntary compliance programs such as those promoting sustainability, energy efficiency and disaster resistance.
- The insurance industry, to estimate and manage risk, and as a tool in underwriting and rate decisions.
- Certification and credentialing of individuals involved in the fields of building design, construction and safety.
- Certification of building and construction-related products.
- U.S. federal agencies, to guide construction in an array of government-owned properties.
- Facilities management.
- “Best practices” benchmarks for designers and builders, including those who are engaged in projects in jurisdictions that do not have a formal regulatory system or a governmental enforcement mechanism.
- College, university and professional school textbooks and curricula.
- Reference works related to building design and construction.

In addition to the codes themselves, the code development process brings together building professionals on a regular basis. It provides an international forum for discussion and deliberation about building design, construction methods, safety, performance requirements, technological advances and innovative products.

Development

This 2018 edition presents the code as originally issued, with changes reflected in the 2003 through 2015 editions and further changes developed through the ICC Code Development Process through 2016. A new edition of the code is promulgated every 3 years.

This code is intended to establish provisions that adequately protect public health, safety and welfare; that do not unnecessarily increase construction costs; that do not restrict the use of new materials, products or methods of construction; and that do not give preferential treatment to particular types or classes of materials, products or methods of construction.
Maintenance

The International Property Maintenance Code is kept up to date through the review of proposed changes submitted by code enforcement officials, industry representatives, design professionals and other interested parties. Proposed changes are carefully considered through an open code development process in which all interested and affected parties may participate.

The ICC Code Development Process reflects principles of openness, transparency, balance, due process and consensus, the principles embodied in OMB Circular A-119, which governs the federal government’s use of private-sector standards. The ICC process is open to anyone; there is no cost to participate, and people can participate without travel cost through the ICC’s cloud-based app, cdp-Access®. A broad cross section of interests are represented in the ICC Code Development Process. The codes, which are updated regularly, include safeguards that allow for emergency action when required for health and safety reasons.

In order to ensure that organizations with a direct and material interest in the codes have a voice in the process, the ICC has developed partnerships with key industry segments that support the ICC’s important public safety mission. Some code development committee members were nominated by the following industry partners and approved by the ICC Board:

- American Institute of Architects (AIA)
- National Association of Home Builders (NAHB)

The code development committees evaluate and make recommendations regarding proposed changes to the codes. Their recommendations are then subject to public comment and council-wide votes. The ICC’s governmental members—public safety officials who have no financial or business interest in the outcome—cast the final votes on proposed changes.

The contents of this work are subject to change through the code development cycles and by any governmental entity that enacts the code into law. For more information regarding the code development process, contact the Codes and Standards Development Department of the International Code Council.

While the I-Code development procedure is thorough and comprehensive, the ICC, its members and those participating in the development of the codes disclaim any liability resulting from the publication or use of the I-Codes, or from compliance or noncompliance with their provisions. The ICC does not have the power or authority to police or enforce compliance with the contents of this code.

Code Development Committee Responsibilities
(Letter Designations in Front of Section Numbers)

In each code development cycle, proposed changes to this code are considered at the Committee Action Hearings by the International Property Maintenance Code Development Committee, whose action constitutes a recommendation to the voting membership for final action on the proposed changes. Proposed changes to a code section having a number beginning with a letter in brackets are considered by a different code development committee. For example, proposed changes to code sections that have the letter [F] in front of them (e.g., [F] 704.1) are considered by the International Fire Code Development Committee at the Committee Action Hearings.

The content of sections in this code that begin with a letter designation is maintained by another code development committee in accordance with the following:

[A] = Administrative Code Development Committee;

[F] = International Fire Code Development Committee;

[P] = International Plumbing Code Development Committee;

[BE] = IBC—Egress Code Development Committee; and

For the development of the 2021 edition of the I-Codes, there will be two groups of code development committees and they will meet in separate years.

Code change proposals submitted for code sections that have a letter designation in front of them will be heard by the respective committee responsible for such code sections. Because different committees hold Committee Action Hearings in different years, proposals for the IPMC will be heard by committees in both the 2018 (Group A) and the 2019 (Group B) code development cycles.

For instance, every section of Chapter 1 of this code is designated as the responsibility of the Administrative Code Development Committee, which is part of the Group B portion of the hearings. This committee will hold its Committee Action Hearings in 2019 to consider code change proposals for Chapter 1 of all I-Codes except the International Energy Conservation Code, International Residential Code and International Green Construction Code. Therefore, any proposals received for Chapter 1 of this code will be assigned to the Administrative Code Development Committee for consideration in 2019.

It is very important that anyone submitting code change proposals understand which code development committee is responsible for the section of the code that is the subject of the code change proposal. For further information on the code development committee responsibilities, please visit the ICC website at www.iccsafe.org/scoping.
Marginal Markings

Solid vertical lines in the margins within the body of the code indicate a technical change from the requirements of the 2015 edition. Deletion indicators in the form of an arrow (■) are provided in the margin where an entire section, paragraph, exception or table has been deleted or an item in a list of items or a table has been deleted.

Coordination of the International Codes

The coordination of technical provisions is one of the strengths of the ICC family of model codes. The codes can be used as a complete set of complementary documents, which will provide users with full integration and coordination of technical provisions. Individual codes can also be used in subsets or as stand-alone documents. To make sure that each individual code is as complete as possible, some technical provisions that are relevant to more than one subject area are duplicated in some of the model codes. This allows users maximum flexibility in their application of the I-Codes.

Italicized Terms

Words and terms defined in Chapter 2, Definitions, are italicized where they appear in code text and the Chapter 2 definition applies. Where such words and terms are not italicized, common-use definitions apply. The words and terms selected have code-specific definitions that the user should read carefully to facilitate better understanding of the code.

Adoption

The International Code Council maintains a copyright in all of its codes and standards. Maintaining copyright allows the ICC to fund its mission through sales of books, in both print and electronic formats. The ICC welcomes adoption of its codes by jurisdictions that recognize and acknowledge the ICC’s copyright in the code, and further acknowledge the substantial shared value of the public/private partnership for code development between jurisdictions and the ICC.

The ICC also recognizes the need for jurisdictions to make laws available to the public. All I-Codes and I-Standards, along with the laws of many jurisdictions, are available for free in a nondownloadable form on the ICC’s website. Jurisdictions should contact the ICC at adoptions@iccse.org to learn how to adopt and distribute laws based on the International Property Maintenance Code in a manner that provides necessary access, while maintaining the ICC’s copyright.

To facilitate adoption, several sections of this code contain blanks for fill-in information that needs to be supplied by the adopting jurisdiction as part of the adoption legislation. For this code, please see:

Section 101.1. Insert: [NAME OF JURISDICTION]
Section 103.5. Insert: [APPROPRIATE SCHEDULE]
Section 112.4. Insert: [DOLLAR AMOUNT IN TWO LOCATIONS]
Section 302.4. Insert: [HEIGHT IN INCHES]
Section 304.14. Insert: [DATES IN TWO LOCATIONS]
Section 602.3. Insert: [DATES IN TWO LOCATIONS]
Section 602.4. Insert: [DATES IN TWO LOCATIONS]
EFFECTIVE USE OF THE INTERNATIONAL PROPERTY MAINTENANCE CODE

The International Property Maintenance Code (IPMC) is a model code that regulates the minimum maintenance requirements for existing buildings.

The IPMC is a maintenance document intended to establish minimum maintenance standards for basic equipment, light, ventilation, heating, sanitation and fire safety. Responsibility is fixed among owners, operators and occupants for code compliance. The IPMC provides for the regulation and safe use of existing structures in the interest of the social and economic welfare of the community.

Arrangement and Format of the 2018 IPMC

Before applying the requirements of the IPMC it is beneficial to understand its arrangement and format. The IPMC, like other codes published by ICC, is arranged and organized to follow sequential steps that generally occur during an inspection. The IPMC is divided into eight different parts:

The following is a chapter-by-chapter synopsis of the scope and intent of the provisions of the International Property Maintenance Code:

Chapter 1 Scope and Administration. This chapter contains provisions for the application, enforcement and administration of subsequent requirements of the code. In addition to establishing the scope of the code, Chapter 1 identifies which buildings and structures come under its purview. Chapter 1 is largely concerned with maintaining “due process of law” in enforcing the property maintenance criteria contained in the body of the code. Only through careful observation of the administrative provisions can the building official reasonably expect to demonstrate that “equal protection under the law” has been provided.

Chapter 2 Definitions. All terms that are defined in the code are listed alphabetically in Chapter 2. While a defined term may be used in one chapter or another, the meaning provided in Chapter 2 is applicable throughout the code.

Where understanding of a term’s definition is especially key to or necessary for understanding of a particular code provision, the term is shown in italics. This is true only for those terms that have a meaning that is unique to the code. In other words, the generally understood meaning of a term or phrase might not be sufficient or consistent with the meaning prescribed by the code; therefore, it is essential that the code-defined meaning be known.

Guidance is provided regarding tense, gender and plurality of defined terms as well as terms not defined in this code.
Chapter 3 General Requirements. Chapter 3, “General Requirements,” is broad in scope. It includes a variety of requirements for the exterior property areas as well as the interior and exterior elements of the structure. This chapter provides requirements that are intended to maintain a minimum level of safety and sanitation for both the general public and the occupants of a structure, and to maintain a building’s structural and weather-resistance performance. Chapter 3 provides specific criteria for regulating the installation and maintenance of specific building components; maintenance requirements for vacant structures and land; requirements regulating the safety, sanitation and appearance of the exterior and interior of structures and all exterior property areas; accessory structures; vehicle storage regulations and establishes who is responsible for complying with the chapter’s provisions. This chapter also contains the requirements for swimming pools, spas and hot tubs and the requirements for protective barriers and gates in these barriers. Chapter 3 establishes the responsible parties for exterminating insects and rodents, and maintaining sanitary conditions in all types of occupancies.

Chapter 4 Light, Ventilation and Occupancy Limitations. The purposes of Chapter 4 are to set forth these requirements in the code and to establish the minimum environment for occupiable and habitable buildings, by establishing the minimum criteria for light and ventilation and identifying occupancy limitations including minimum room width and area, minimum ceiling height and restrictions to prevent overcrowding. This chapter also provides for alternative arrangements of windows and other devices to comply with the requirements for light and ventilation and prohibits certain room arrangements and occupancy uses.

Chapter 5 Plumbing Facilities and Fixture Requirements. Chapter 5 establishes the minimum criteria for the installation, maintenance and location of plumbing systems and facilities, including the water supply system, water heating appliances, sewage disposal system and related plumbing fixtures.

Sanitary and clean conditions in occupied buildings are dependent upon certain basic plumbing principles, including providing potable water to a building, providing the basic fixtures to effectively utilize that water and properly removing waste from the building. Chapter 5 establishes the minimum criteria to verify that these principles are maintained throughout the life of a building.

Chapter 6 Mechanical and Electrical Requirements. The purpose of Chapter 6 is to establish minimum performance requirements for heating, electrical and mechanical facilities and to establish minimum standards for the safety of these facilities.

This chapter establishes minimum criteria for the installation and maintenance of the following: heating and air-conditioning equipment, appliances and their supporting systems; water heating equipment, appliances and systems; cooking equipment and appliances; ventilation and exhaust equipment; gas and liquid fuel distribution piping and components; fireplaces and solid fuel-burning appliances; chimneys and vents; electrical services; lighting fixtures; electrical receptacle outlets; electrical distribution system equipment, devices and wiring; and elevators, escalators and dumbwaiters.

Chapter 7 Fire Safety Requirements. The purpose of Chapter 7 is to address those fire hazards that arise as the result of a building’s occupancy. It also provides minimum requirements for fire safety issues that are most likely to arise in older buildings.

This chapter contains requirements for means of egress in existing buildings, including path of travel, required egress width, means of egress doors and emergency escape openings.

Chapter 7 establishes the minimum requirements for fire safety facilities and fire protection systems, as these are essential fire safety systems.
Chapter 8 Referenced Standards. The code contains numerous references to standards that are used to regulate materials and methods of construction. Chapter 8 contains a comprehensive list of all standards that are referenced in the code. The standards are part of the code to the extent of the reference to the standard. Compliance with the referenced standard is necessary for compliance with this code. By providing specifically adopted standards, the construction and installation requirements necessary for compliance with the code can be readily determined. The basis for code compliance is, therefore, established and available on an equal basis to the code official, contractor, designer and owner.

Chapter 8 is organized in a manner that makes it easy to locate specific standards. It lists all of the referenced standards, alphabetically, by acronym of the promulgating agency of the standard. Each agency’s standards are then listed in either alphabetical or numeric order based upon the standard identification. The list also contains the title of the standard; the edition (date) of the standard referenced; any addenda included as part of the ICC adoption; and the section or sections of this code that reference the standard.

## INDEX ............................................. 37
CHAPTER 1

SCOPE AND ADMINISTRATION

User note:

About this chapter: Chapter 1 establishes the limits of applicability of the code and describes how the code is to be applied and enforced. Chapter 1 is in two parts: Part 1—Scope and Application (Sections 101 and 102) and Part 2—Administration and Enforcement (Sections 103–112). Section 101 identifies which buildings and structures come under its purview and references other I-Codes as applicable.

This code is intended to be adopted as a legally enforceable document and it cannot be effective without adequate provisions for its administration and enforcement. The provisions of Chapter 1 establish the authority and duties of the code official appointed by the authority having jurisdiction and also establish the rights and privileges of the property owner and building occupants.

PART 1 — SCOPE AND APPLICATION

SECTION 101

GENERAL

[A] 101.1 Title. These regulations shall be known as the International Property Maintenance Code of [NAME OF JURISDICTION], hereinafter referred to as “this code.”

[A] 101.2 Scope. The provisions of this code shall apply to all existing residential and nonresidential structures and all existing premises and constitute minimum requirements and standards for premises, structures, equipment and facilities for light, ventilation, space, heating, sanitation, protection from the elements, a reasonable level of safety from fire and other hazards, and for a reasonable level of sanitary maintenance; the responsibility of owners, an owner’s authorized agent, operators and occupants; the occupancy of existing structures and premises, and for administration, enforcement and penalties.

[A] 101.3 Intent. This code shall be construed to secure its expressed intent, which is to ensure public health, safety and welfare insofar as they are affected by the continued occupancy and maintenance of structures and premises. Existing structures and premises that do not comply with these provisions shall be altered or repaired to provide a minimum level of health and safety as required herein.

[A] 101.4 Severability. If a section, subsection, sentence, clause or phrase of this code is, for any reason, held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this code.

SECTION 102

APPLICABILITY

[A] 102.1 General. Where there is a conflict between a general requirement and a specific requirement, the specific requirement shall govern. Where differences occur between provisions of this code and the referenced standards, the provisions of this code shall apply. Where, in a specific case, different sections of this code specify different requirements, the most restrictive shall govern.

[A] 102.2 Maintenance. Equipment, systems, devices and safeguards required by this code or a previous regulation or code under which the structure or premises was constructed, altered or repaired shall be maintained in good working order. An owner, owner’s authorized agent, operator or occupant shall not cause any service, facility, equipment or utility that is required under this section to be removed from, shut off from or discontinued for any occupied dwelling, except for such temporary interruption as necessary while repairs or alterations are in progress. The requirements of this code are not intended to provide the basis for removal or abrogation of fire protection and safety systems and devices in existing structures. Except as otherwise specified herein, the owner or the owner’s authorized agent shall be responsible for the maintenance of buildings, structures and premises.

[A] 102.4 Existing remedies. The provisions in this code shall not be construed to abolish or impair existing remedies of the jurisdiction or its officers or agencies relating to the removal or demolition of any structure that is dangerous, unsafe and insanitary.

[A] 102.5 Workmanship. Repairs, maintenance work, alterations or installations that are caused directly or indirectly by the enforcement of this code shall be executed and installed in a workmanlike manner and installed in accordance with the manufacturer’s instructions.

[A] 102.6 Historic buildings. The provisions of this code shall not be mandatory for existing buildings or structures designated as historic buildings where such buildings or structures are judged by the code official to be safe and in the public interest of health, safety and welfare.

[A] 102.7 Referenced codes and standards. The codes and standards referenced in this code shall be those that are listed in Chapter 8 and considered part of the requirements of this code.
101.1 Title. These regulations shall be known as the Property Maintenance Code of the City of Richfield, hereinafter referred to as "this code."

102.3 Application of other codes. Repairs, additions or alterations to a structure, or changes of occupancy, shall be done in accordance with the procedures and provisions of the Minnesota State Building Code (MSBC), established pursuant to M.S. §§ 326B.101 to 326B.194, as adopted by the city. Nothing in this code shall be construed to cancel, modify or set aside any provision of the City of Richfield Zoning Code.

102.7 Referenced codes and standards. The codes and standards referenced in Chapter 8 and considered part of the requirements of this code to the prescribed extent of each such reference. Where differences occur between provisions of this code and the MSBC, the MSBC shall apply.
code to the prescribed extent of each such reference and as further regulated in Sections 102.7.1 and 102.7.2.

Exception: Where enforcement of a code provision would violate the conditions of the listing of the equipment or appliance, the conditions of the listing shall apply.

[A] 102.7.1 Conflicts. Where conflicts occur between provisions of this code and the referenced standards, the provisions of this code shall apply.

[A] 102.7.2 Provisions in referenced codes and standards. Where the extent of the reference to a referenced code or standard includes subject matter that is within the scope of this code, the provisions of this code, as applicable, shall take precedence over the provisions in the referenced code or standard. ²

[A] 102.8 Requirements not covered by code. Requirements necessary for the strength, stability or proper operation of an existing fixture, structure or equipment, or for the public safety, health and general welfare, not specifically covered by this code, shall be determined by the code official.

[A] 102.9 Application of references. References to chapter or section numbers, or to provisions not specifically identified by number, shall be construed to refer to such chapter, section or provision of this code.

[A] 102.10 Other laws. The provisions of this code shall not be deemed to nullify any provisions of local, state or federal law.

PART 2 — ADMINISTRATION AND ENFORCEMENT

SECTION 103
DEPARTMENT OF PROPERTY MAINTENANCE INSPECTION

[A] 103.1 General. The department of property maintenance inspection is hereby created and the executive official in charge thereof shall be known as the code official. ²

[A] 103.2 Appointment. The code official shall be appointed by the chief appointing authority of the jurisdiction.

[A] 103.3 Deputies. In accordance with the prescribed procedures of this jurisdiction and with the concurrence of the appointing authority, the code official shall have the authority to appoint a deputy(s). Such employees shall have powers as delegated by the code official.

[A] 103.4 Liability. The code official, member of the board of appeals or employee charged with the enforcement of this code, while acting for the jurisdiction, in good faith and without malice in the discharge of the duties required by this code or other pertinent law or ordinance, shall not thereby be rendered civilly or criminally liable personally, and is hereby relieved from all personal liability for any damage accruing to persons or property as a result of an act or by reason of an act or omission in the discharge of official duties.

[A] 103.4.1 Legal defense. Any suit or criminal complaint instituted against any officer or employee because of an act performed by that officer or employee in the lawful discharge of duties and under the provisions of this code shall be defended by the legal representative of the jurisdiction until the final termination of the proceedings. The code official or any subordinate shall not be liable for costs in an action, suit or proceeding that is instituted in pursuance of the provisions of this code.

[A] 103.5 Fees. The fees for activities and services performed by the department in carrying out its responsibilities under this code shall be as indicated in the following schedule.

JURISDICTION TO INSERT APPROPRIATE SCHEDULE.

SECTION 104
DUTIES AND POWERS OF THE CODE OFFICIAL

[A] 104.1 General. The code official is hereby authorized and directed to enforce the provisions of this code. The code official shall have the authority to render interpretations of this code and to adopt policies and procedures in order to clarify the application of its provisions. Such interpretations, policies and procedures shall be in compliance with the intent and purpose of this code. Such policies and procedures shall not have the effect of waiving requirements specifically provided for in this code.

[A] 104.2 Inspections. The code official shall make all of the required inspections, or shall accept reports of inspection by approved agencies or individuals. Reports of such inspections shall be in writing and be certified by a responsible officer of such approved agency by the responsible individual. The code official is authorized to engage such expert opinion as deemed necessary to report on unusual technical issues that arise, subject to the approval of the appointing authority.

[A] 104.3 Right of entry. Where it is necessary to make an inspection to enforce the provisions of this code, or whenever the code official has reasonable cause to believe that there exists in a structure or upon a premises a condition in violation of this code, the code official is authorized to enter the structure or premises at reasonable times to inspect or perform the duties imposed by this code, provided that if such structure or premises is occupied the code official shall present credentials to the occupant and request entry. If such structure or premises is unoccupied, the code official shall first make a reasonable effort to locate the owner, owner’s authorized agent or other person having charge or control of the structure or premises and request entry. If entry is refused, the code official shall have recourse to the remedies provided by law to secure entry.

[A] 104.4 Identification. The code official shall carry proper identification when inspecting structures or premises in the performance of duties under this code.

[A] 104.5 Notices and orders. The code official shall issue all necessary notices or orders to ensure compliance with this code.

[A] 104.6 Department records. The code official shall keep official records of all business and activities of the department specified in the provisions of this code. Such records shall be retained in the official records for the period required for retention of public records.
103.1 General. The City Manager or his or her designee is responsible for administering the provisions of this code. Collectively, these designees shall be known as the Code Official.
SECTION 105
APPROVAL

[A] 105.1 Modifications. Whenever there are practical difficulties involved in carrying out the provisions of this code, the code official shall have the authority to grant modifications for individual cases upon application of the owner or owner’s authorized agent, provided that the code official shall first find that special individual reason makes the strict letter of this code impractical, the modification is in compliance with the intent and purpose of this code and that such modification does not lessen health, life and fire safety requirements. The details of action granting modifications shall be recorded and entered in the department files.

[A] 105.2 Alternative materials, design and methods of construction and equipment. The provisions of this code are not intended to prevent the installation of any material or to prohibit any design or method of construction not specifically prescribed by this code, provided that any such alternative has been approved. An alternative material, design or method of construction shall be approved where the code official finds that the proposed design is satisfactory and complies with the intent of the provisions of this code, and that the material, method or work offered is, for the purpose intended, not less than the equivalent of that prescribed in this code in quality, strength, effectiveness, fire resistance, durability and safety. Where the alternative material, design or method of construction is not approved, the code official shall respond in writing, stating the reasons why the alternative was not approved.

[A] 105.3 Required testing. Whenever there is insufficient evidence of compliance with the provisions of this code or evidence that a material or method does not conform to the requirements of this code, or in order to substantiate claims for alternative materials or methods, the code official shall have the authority to require tests to be made as evidence of compliance without expense to the jurisdiction.

[A] 105.3.1 Test methods. Test methods shall be as specified in this code or by other recognized test standards. In the absence of recognized and accepted test methods, the code official shall be permitted to approve appropriate testing procedures performed by an approved agency.

[A] 105.3.2 Test reports. Reports of tests shall be retained by the code official for the period required for retention of public records.

[A] 105.4 Used material and equipment. Materials that are reused shall comply with the requirements of this code for new materials. Materials, equipment and devices shall not be reused unless such elements are in good repair or have been reconditioned and tested where necessary, placed in good and proper working condition and approved by the code official.

[A] 105.5 Approved materials and equipment. Materials, equipment and devices approved by the code official shall be constructed and installed in accordance with such approval.

[A] 105.6 Research reports. Supporting data, where necessary to assist in the approval of materials or assemblies not specifically provided for in this code, shall consist of valid research reports from approved sources.

SECTION 106
VIOLATIONS

[A] 106.1 Unlawful acts. It shall be unlawful for a person, firm or corporation to be in conflict with or in violation of any of the provisions of this code.

[A] 106.2 Notice of violation. The code official shall serve a notice of violation or order in accordance with Section 107.

[A] 106.3 Prosecution of violation. Any person failing to comply with a notice of violation or order served in accordance with Section 107 shall be deemed guilty of a misdemeanor or civil infraction as determined by the local municipality, and the violation shall be deemed a strict liability offense. If the notice of violation is not complied with, the code official shall institute the appropriate proceeding at law or in equity to restrain, correct or abate such violation, or to require the removal or termination of the unlawful occupancy of the structure in violation of the provisions of this code or of the order or direction made pursuant thereto. Any action taken by the authority having jurisdiction on such premises shall be charged against the real estate upon which the structure is located and shall be a lien upon such real estate.

[A] 106.4 Violation penalties. Any person who shall violate a provision of this code, or fail to comply therewith, or with any of the requirements thereof, shall be prosecuted within the limits provided by state or local laws. Each day that a violation continues after due notice has been served shall be deemed a separate offense.

[A] 106.5 Abatement of violation. The imposition of the penalties herein prescribed shall not preclude the legal officer of the jurisdiction from instituting appropriate action to restrain, correct or abate a violation, or to prevent illegal occupancy of a building, structure or premises, or to stop an illegal act, conduct, business or utilization of the building, structure or premises.

SECTION 107
NOTICES AND ORDERS

107.1 Notice to person responsible. Whenever the code official determines that there has been a violation of this code or has grounds to believe that a violation has occurred, notice shall be given in the manner prescribed in Sections 107.2 and 107.3 to the person responsible for the violation as specified in this code. Notices for condemnation procedures shall comply with Section 108.3.

107.2 Form. Such notice prescribed in Section 107.1 shall be in accordance with all of the following:

1. Be in writing.
2. Include a description of the real estate sufficient for identification.
3. Include a statement of the violation or violations and why the notice is being issued.
4. Include a correction order allowing a reasonable time to make the repairs and improvements required to bring the dwelling unit or structure into compliance with the provisions of this code.
...may be...
Inform the property owner or owner’s authorized agent of the right to appeal.

Include a statement of the right to file a lien in accordance with Section 106.3.

107.3 Method of service. Such notice shall be deemed to be properly served if a copy thereof is: delivered personally, or sent by certified or first-class mail addressed to the last known address. If the notice is returned showing that the letter was not delivered, a copy thereof shall be posted in a conspicuous place in or about the structure affected by such notice.

107.4 Unauthorized tampering. Signs, tags or seals posted or affixed by the code official shall not be mutilated, destroyed or tampered with, or removed without authorization from the code official.

107.5 Penalties. Penalties for noncompliance with orders and notices shall be as set forth in Section 106.4.

107.6 Transfer of ownership. It shall be unlawful for the owner of any dwelling unit or structure who has received a compliance order or upon whom a notice of violation has been served to sell, transfer, mortgage, lease or otherwise dispose of such dwelling unit or structure to another until the provisions of the compliance order or notice of violation have been complied with, or until such owner or the owner’s authorized agent shall furnish the owner of the dwelling unit or structure to the code official a signed and notarized statement from the grantee, transferee, mortgagee or lessee, acknowledging the receipt of such compliance order or notice of violation and fully accepting the responsibility without condition for making the corrections or repairs required by such compliance order or notice of violation.

SECTION 108
UNSAFE STRUCTURES AND EQUIPMENT

108.1 General. When a structure or equipment is found by the code official to be unsafe, or when a structure is found unfit for human occupancy, or is found unlawful, such structure shall be condemned pursuant to the provisions of this code.

108.1.1 Unsafe structures. An unsafe structure is one that is found to be dangerous to the life, health, property or safety of the public or the occupants of the structure by not providing minimum safeguards to protect or warn occupants in the event of fire, or because such structure contains unsafe equipment or is so damaged, decayed, dilapidated, structurally unsafe or of such faulty construction or unstable foundation, that partial or complete collapse is possible.

108.1.2 Unsafe equipment. Unsafe equipment includes any boiler, heating equipment, elevator, moving stairway, electrical wiring or device, flammable liquid containers or other equipment on the premises or within the structure that is in such disrepair or condition that such equipment is a hazard to life, health, property or safety of the public or occupants of the premises or structure.

108.1.3 Structure unfit for human occupancy. A structure is unfit for human occupancy whenever the code official finds that such structure is unsafe, unlawful or, because of the degree to which the structure is in disrepair or lacks maintenance, is insanitary, vermin or rat infested, contains filth and contamination, or lacks ventilation, illumination, sanitary or heating facilities or other essential equipment required by this code, or because the location of the structure constitutes a hazard to the occupants of the structure or to the public.

108.1.4 Unlawful structure. An unlawful structure is one found in whole or in part to be occupied by more persons than permitted under this code, or was erected, altered or occupied contrary to law.

108.1.5 Dangerous structure or premises. For the purpose of this code, any structure or premises that has any or all of the conditions or defects described as follows shall be considered to be dangerous:

1. Any door, aisle, passageway, stairway, exit or other means of egress that does not conform to the approved building or fire code of the jurisdiction as related to the requirements for existing buildings.

2. The walking surface of any door, passageway, stairway, exit or other means of egress is so warped, worn, loose, torn or otherwise unsafe as to not provide safe and adequate means of egress.

3. Any portion of a building, structure or appurtenance that has been damaged by fire, earthquake, wind, flood, deterioration, neglect, abandonment, vandalism or by any other cause to such an extent that it is likely to partially or completely collapse, or to become detached or dislodged.

4. Any portion of a building, or any member, appurtenance or ornamentation on the exterior thereof that is not of sufficient strength or stability, or is not so anchored, attached or fastened in place so as to be capable of resisting natural or artificial loads of one and one-half the original designed value.

5. The building or structure, or part of the building or structure, because of dilapidation, decay, faulty construction, the removal or movement of some portion of the ground necessary for the support, or for any other reason, is likely to partially or completely collapse, or some portion of the foundation or underpinning of the building or structure is likely to fail or give way.

6. The building or structure, or any portion thereof, is clearly unsafe for its use and occupancy.

7. The building or structure is neglected, damaged, dilapidated, unsecured or abandoned so as to become an attractive nuisance to children who might play in the building or structure to their danger, becomes a harbor for vagrants, criminals or immoral persons, or enables persons to resort to the building or structure for committing a nuisance or an unlawful act.
107.7 Additional Applicable Code Sections. The City of Richfield reserves the right to utilize the enforcement and notice processes in Sections 320 and 925 of the Richfield City Code for nuisance and environmental health related violations.

108.1 General. MSBC Section 1300.0180 shall be used to evaluate unsafe structures and equipment. Enforcement shall be governed by Section 925 of the city code.
Any building or structure has been constructed, exists or is maintained in violation of any specific requirement or prohibition applicable to such building or structure provided by the approved building or fire code of the jurisdiction, or of any law or ordinance to such an extent as to present either a substantial risk of fire, building collapse or any other threat to life and safety.

9. A building or structure, used or intended to be used for dwelling purposes, because of inadequate maintenance, dilapidation, decay, damage, faulty construction or arrangement, inadequate light, ventilation, mechanical or plumbing system, or otherwise, is determined by the code official to be unsanitary, unfit for human habitation or in such a condition that is likely to cause sickness or disease.

10. Any building or structure, because of a lack of sufficient or proper fire-resistance-rated construction, fire protection systems, electrical system, fuel connections, mechanical system, plumbing system or other cause, is determined by the code official to be a threat to life or health.

11. Any portion of a building remains on a site after the demolition or destruction of the building or structure or whenever any building or structure is abandoned so as to constitute such building or portion thereof as an attractive nuisance or hazard to the public.

8.2 Closing of vacant structures. If the structure is vacant and unfit for human habitation and occupancy, and is not in danger of structural collapse, the code official is authorized to post a placard of condemnation on the premises and order the structure closed up so as not to be an attractive nuisance. Upon failure of the owner or owner’s authorized agent to close up the premises within the time specified in the order, the code official shall cause the premises to be closed and secured through any available public agency or by contract or arrangement by private persons and the cost thereof shall be charged against the real estate upon which the structure is located and shall be a lien upon such real estate and shall be collected by any other legal resource.

108.2.1 Authority to disconnect service utilities. The code official shall have the authority to authorize disconnection of utility service to the building, structure or system regulated by this code and the referenced codes and standards set forth in Section 102.7 in case of emergency where necessary to eliminate an immediate hazard to life or property or where such utility connection has been made without approval. The code official shall notify the serving utility and, whenever possible, the owner or owner’s authorized agent and occupant of the building, structure or system service of the decision to disconnect prior to taking such action. If not notified prior to disconnection the owner, owner’s authorized agent or occupant of the building structure or service system shall be notified in writing as soon as practical thereafter.

8.3 Notice. Whenever the code official has condemned a structure or equipment under the provisions of this section, notice shall be posted in a conspicuous place in or about the structure affected by such notice and served on the owner, owner’s authorized agent or the person or persons responsible for the structure or equipment in accordance with Section 107.3. If the notice pertains to equipment, it shall be placed on the condemned equipment. The notice shall be in the form prescribed in Section 107.2.

108.4 Placarding. Upon failure of the owner, owner’s authorized agent or person responsible to comply with the notice provisions within the time given, the code official shall post on the premises or on defective equipment a placard bearing the word “Condemned” and a statement of the penalties provided for occupying the premises, operating the equipment or removing the placard.

108.4.1 Placard removal. The code official shall remove the condemnation placard whenever the defect or defects upon which the condemnation and placarding action were based have been eliminated. Any person who defaces or removes a condemnation placard without the approval of the code official shall be subject to the penalties provided by this code.

108.5 Prohibited occupancy. Any occupied structure condemned and placarded by the code official shall be vacated as ordered by the code official. Any person who shall occupy a placarded premises or shall operate placarded equipment, and any owner, owner’s authorized agent or person responsible for the premises who shall let anyone occupy a placarded premises or operate placarded equipment shall be liable for the penalties provided by this code.

108.6 Abatement methods. The owner, owner’s authorized agent, operator or occupant of a building, premises or equipment deemed unsafe by the code official shall abate or cause to be abated or corrected such unsafe conditions either by repair, rehabilitation, demolition or other approved corrective action.

108.7 Record. The code official shall cause a report to be filed on an unsafe condition. The report shall state the occupancy of the structure and the nature of the unsafe condition.

SECTION 109
EMERGENCY MEASURES

109.1 Imminent danger. When, in the opinion of the code official, there is imminent danger of failure or collapse of a building or structure that endangers life, or when any structure or part of a structure has fallen and life is endangered by the occupation of the structure, or when there is actual or potential danger to the building occupants or those in the proximity of any structure because of explosives, explosive fumes or vapors or the presence of toxic fumes, gases or materials, or operation of defective or dangerous equipment, the code official is hereby authorized and empowered to order and require the occupants to vacate the premises forthwith. The code official shall cause to be posted at each entrance to such structure a notice reading as follows: “This Structure Is Unsafe and Its Occupancy Has Been Prohibited by the Code
SCOPE AND ADMINISTRATION

Official.” It shall be unlawful for any person to enter such structure except for the purpose of securing the structure, making the required repairs, removing the hazardous condition or of demolishing the same.

109.2 Temporary safeguards. Notwithstanding other provisions of this code, whenever, in the opinion of the code official, there is imminent danger due to an unsafe condition, the code official shall order the necessary work to be done, including the boarding up of openings, to render such structure temporarily safe whether or not the legal procedure herein described has been instituted; and shall cause such other action to be taken as the code official deems necessary to meet such emergency.

109.3 Closing streets. When necessary for public safety, the code official shall temporarily close structures and close, or order the authority having jurisdiction to close, sidewalks, streets, public ways and places adjacent to unsafe structures, and prohibit the same from being utilized.

109.4 Emergency repairs. For the purposes of this section, the code official shall employ the necessary labor and materials to perform the required work as expeditiously as possible.

109.5 Costs of emergency repairs. Costs incurred in the performance of emergency work shall be paid by the jurisdiction. The legal counsel of the jurisdiction shall institute appropriate action against the owner of the premises or owner’s authorized agent where the unsafe structure is or was located for the recovery of such costs.

109.6 Hearing. Any person ordered to take emergency measures shall comply with such order forthwith. Any affected person shall thereafter, upon petition directed to the appeals board, be afforded a hearing as described in this code.

SECTION 110
DESTRUCTION

110.1 General. The code official shall order the owner or owner’s authorized agent of any premises upon which is located any structure, which in the code official’s or owner’s authorized agent judgment after review is so deteriorated or dilapidated or has become so out of repair as to be dangerous, unsafe, insanitary or otherwise unfit for human habitation or occupancy, and such that it is unreasonable to repair the structure, to demolish and remove such structure; or if such structure is capable of being made safe by repairs, to repair and make safe and sanitary, or to board up and hold for future repair or to demolish and remove at the owner’s option; or where there has been a cessation of normal construction of any structure for a period of more than two years, the code official shall order the owner or owner’s authorized agent to demolish and remove such structure, or board up until future repair. Boarding the building up for future repair shall not extend beyond one year, unless approved by the building official.

110.2 Notices and orders. Notices and orders shall comply with Section 107.

110.3 Failure to comply. If the owner of a premises or owner’s authorized agent fails to comply with a demolition order within the time prescribed, the code official shall cause the structure to be demolished and removed, either through an available public agency or by contract or arrangement with private persons, and the cost of such demolition and removal shall be charged against the real estate upon which the structure is located and shall be a lien upon such real estate.

110.4 Salvage materials. Where any structure has been ordered demolished and removed, the governing body or other designated officer under said contract or arrangement aforesaid shall have the right to sell the salvage and valuable materials. The net proceeds of such sale, after deducting the expenses of such demolition and removal, shall be promptly remitted with a report of such sale or transaction, including the items of expense and the amounts deducted, for the person who is entitled thereto, subject to any order of a court. If such a surplus does not remain to be turned over, the report shall so state.

SECTION 111
MEANS OF APPEAL

[A] 111.1 Application for appeal. Any person directly affected by a decision of the code official or a notice or order issued under this code shall have the right to appeal to the board of appeals, provided that a written Application for appeal is filed within 20 days after the day the decision, notice or order was served. An application for appeal shall be based on a claim that the true intent of this code or the rules legally adopted thereunder have been incorrectly interpreted, the provisions of this code do not fully apply, or the requirements of this code are adequately satisfied by other means.

[A] 111.2 Membership of board. The board of appeals shall consist of not less than three members who are qualified by experience and training to pass on matters pertaining to property maintenance and who are not employees of the jurisdiction. The code official shall be an ex officio member but shall not vote on any matter before the board. The board shall be appointed by the chief appointing authority, and shall serve staggered and overlapping terms.

[A] 111.2.1 Alternate members. The chief appointing authority shall appoint not less than two alternate members who shall be called by the board chairman to hear appeals during the absence or disqualification of a member. Alternate members shall possess the qualifications required for board membership.

[A] 111.2.2 Chairman. The board shall annually select one of its members to serve as chairman.

[A] 111.2.3 Disqualification of member. A member shall not hear an appeal in which that member has a personal, professional or financial interest.

[A] 111.2.4 Secretary. The chief administrative officer shall designate a qualified person to serve as secretary to the board. The secretary shall file a detailed record of all proceedings in the office of the chief administrative officer.

[A] 111.2.5 Compensation of members. Compensation of members shall be determined by law.

per the provisions of Section 320 of the city code.
Section 111.3 Notice of meeting. The board shall meet upon notice from the chairman, within 20 days of the filing of an appeal, or at stated periodic meetings.

Section 111.4 Open hearing. Hearings before the board shall be open to the public. The appellant’s representative, the code official and any person whose interests are affected shall be given an opportunity to be heard. A quorum shall consist of not less than two-thirds of the board membership.

Section 111.6.1 Procedure. The board shall adopt and make available to the public through the secretary’s procedures under which a hearing will be conducted. The procedures shall not require compliance with strict rules of evidence, but shall mandate that only relevant information be received.

Section 111.5 Postponed hearing. When the full board is not present to hear an appeal, either the appellant or the appellant’s representative shall have the right to request a postponement of the hearing.

Section 111.6 Board decision. The board shall modify or reverse the decision of the code official only by a concurring vote of a majority of the total number of appointed board members.

Section 111.6.1 Records and copies. The decision of the board shall be recorded. Copies shall be furnished to the appellant and to the code official.

Section 111.6.2 Administration. The code official shall take immediate action in accordance with the decision of the board.

Section 111.7 Court review. Any person, whether or not a party to the appeal, shall have the right to apply to the appropriate court for a writ of certiorari to correct errors of law. Application for review shall be made in the manner and time required by law following the filing of the decision in the office of the chief administrative officer.

Section 111.8 Stays of enforcement. Appeals of notice and order (other than Imminent Danger notices) shall stay the enforcement of the notice and order until the appeal is heard by the appeals board.

Section 112
STOP WORK ORDER

Section 112.1 Authority. Whenever the code official finds any work regulated by this code being performed in a manner contrary to the provisions of this code or in a dangerous or unsafe manner, the code official is authorized to issue a stop work order.

Section 112.2 Issuance. A stop work order shall be in writing and shall be given to the owner of the property, to the owner’s authorized agent, or to the person doing the work. Upon issuance of a stop work order, the cited work shall immediately cease. The stop work order shall state the reason for the order and the conditions under which the cited work is authorized to resume.
CHAPTER 2
DEFINITIONS

User note:

About this chapter: Codes, by their very nature, are technical documents. Every word, term and punctuation mark can add to or change the meaning of a technical requirement. It is necessary to maintain a consensus on the specific meaning of each term contained in the code. Chapter 2 performs this function by stating clearly what specific terms mean for the purpose of the code.

SECTION 201
GENERAL

201.1 Scope. Unless otherwise expressly stated, the following terms shall, for the purposes of this code, have the meanings shown in this chapter.

201.2 Interchangeability. Words stated in the present tense include the future; words stated in the masculine gender include the feminine and neuter; the singular number includes the plural and the plural, the singular.

201.3 Terms defined in other codes. Where terms are not defined in this code and are defined in the International Building Code, International Existing Building Code, International Fire Code, International Fuel Gas Code, International Mechanical Code, International Plumbing Code, International Residential Code, International Zoning Code or NFPA 70, such terms shall have the meanings ascribed to them as stated in those codes.

201.4 Terms not defined. Where terms are not defined through the methods authorized by this section, such terms shall have ordinarily accepted meanings such as the context implies.

201.5 Parts. Whenever the words “dwelling unit,” “dwelling,” “premises,” “building,” “rooming house,” “rooming unit,” “housekeeping unit” or “story” are stated in this code, they shall be construed as though they were followed by the words “or any part thereof.”

SECTION 202
GENERAL DEFINITIONS

ANCHORED. Secured in a manner that provides positive connection.

[A] APPROVED. Acceptable to the code official.

BASEMENT. That portion of a building that is partly or completely below grade.

BATHROOM. A room containing plumbing fixtures including a bathtub or shower.

BEDROOM. Any room or space used or intended to be used for sleeping purposes in either a dwelling or sleeping unit.

[A] CODE OFFICIAL. The official who is charged with the administration and enforcement of this code, or any duly authorized representative.

CONDEMN. To adjudge unfit for occupancy.

COST OF SUCH DEMOLITION OR EMERGENCY REPAIRS. The costs shall include the actual costs of the demolition or repair of the structure less revenues obtained if salvage was conducted prior to demolition or repair. Costs shall include, but not be limited to, expenses incurred or necessitated related to demolition or emergency repairs, such as asbestos survey and abatement if necessary; costs of inspectors, testing agencies or experts retained relative to the demolition or emergency repairs; costs of testing; surveys for other materials that are controlled or regulated from being dumped in a landfill; title searches; mailing(s); postings; recording; and attorney fees expended for recovering of the cost of emergency repairs or to obtain or enforce an order of demolition made by a code official, the governing body or board of appeals.

DETACHED. When a structural element is physically disconnected from another and that connection is necessary to provide a positive connection.

DETERIORATION. To weaken, disintegrate, corrode, rust or decay and lose effectiveness.

[BG] DWELLING UNIT. A single unit providing complete, independent living facilities for one or more persons, including permanent provisions for living, sleeping, eating, cooking and sanitation.

[Z] EASEMENT. That portion of land or property reserved for present or future use by a person or agency other than the legal fee owner(s) of the property. The easement shall be permitted to be for use under, on or above said lot or lots.

EQUIPMENT SUPPORT. Those structural members or assemblies of members or manufactured elements, including braces, frames, hugs, snuggers, hangers or saddles, that transmit gravity load, lateral load and operating load between the equipment and the structure.

EXTERIOR PROPERTY. The open space on the premises and on adjoining property under the control of owners or operators of such premises.

GARBAGE. The animal or vegetable waste resulting from the handling, preparation, cooking and consumption of food.

[BE] GUARD. A building component or a system of building components located at or near the open sides of elevated walking surfaces that minimizes the possibility of a fall from the walking surface to a lower level.

[BG] HABITABLE SPACE. Space in a structure for living, sleeping, eating or cooking. Bathrooms, toilet rooms, closets,
201.3. Terms defined in other codes. Where terms are not defined in this code and are defined in the MSBC and the City Code, such terms shall have the meanings ascribed to them in those codes.

(Also see "Rubbish." Garbage and Rubbish shall be taken to encompass both definitions herein.)

City code section 601 is currently being amended by Rachel Lindholm to eliminate the definition of refuse and change the definition of garbage among other changes. Mary is aware of this but we need to make sure this all meshes.

(Also see "Rubbish." Garbage and Rubbish shall be taken to encompass both definitions herein.)
halls, storage or utility spaces, and similar areas are not considered habitable spaces.

**HISTORIC BUILDING.** Any building or structure that is one or more of the following:

1. Listed or certified as eligible for listing, by the State Historic Preservation Officer or the Keeper of the National Register of Historic Places, in the National Register of Historic Places.
2. Designated as historic under an applicable state or local law.
3. Certified as a contributing resource within a National Register or state or locally designated historic district.

**HOUSEKEEPING UNIT.** A room or group of rooms forming a single habitable space equipped and intended to be used for living, sleeping, cooking and eating that does not contain, within such a unit, a toilet, lavatory and bathtub or shower.

**IMMINENT DANGER.** A condition that could cause serious or life-threatening injury or death at any time.

**INFESTATION.** The presence, within or contiguous to, a structure or premises of insects, rodents, vermin or other pests.

**INOPERABLE MOTOR VEHICLE.** A vehicle that cannot be driven upon the public streets for reason including but not limited to being unlicensed, wrecked, abandoned, in a state of disrepair, or incapable of being moved under its own power.

**[A] LABELED.** Equipment, materials or products to which have been affixed a label, seal, symbol or other identifying mark of a nationally recognized testing laboratory, approved agency or other organization concerned with product evaluation that maintains periodic inspection of the production of the above-labeled items and whose labeling indicates either that the equipment, material or product meets identified standards or has been tested and found suitable for a specified purpose.

**LET FOR OCCUPANCY or LET.** To permit, provide or offer possession or occupancy of a dwelling, dwelling unit, rooming unit, building, premise or structure by a person who is or is not the legal owner of record thereof, pursuant to a written or unwritten lease, agreement or license, or pursuant to a recorded or unrecorded agreement of contract for the sale of land.

**NEGLECT.** The lack of proper maintenance for a building or structure.

**[A] OCCUPANCY.** The purpose for which a building or portion thereof is utilized or occupied.

**OCcupant.** Any individual living or sleeping in a building, or having possession of a space within a building.

**OPENABLE AREA.** That part of a window, skylight or door which is available for unobstructed ventilation and which opens directly to the outdoors.

**OPERATOR.** Any person who has charge, care or control of a structure or premises that is let or offered for occupancy.

**[A] OWNER.** Any person, agent, operator, firm or corporation having legal or equitable interest in the property, or recorded in the official records of the state, county or municipality as holding title to the property; or otherwise having control of the property, including the guardian of the estate of any such person, and the executor or administrator of the estate of such person if ordered to take possession of real property by a court.

**PERSON.** An individual, corporation, partnership or any other group acting as a unit.

**PEST ELIMINATION.** The control and elimination of insects, rodents or other pests by eliminating their harborage places; by removing or making inaccessible materials that serve as their food or water; by other approved pest elimination methods.

**[A] PREMISES.** A lot, plot or parcel of land, easement or public way, including any structures thereon.

**[A] PUBLIC WAY.** Any street, alley or other parcel of land that is open to the outside air; leads to a street; has been deeded, dedicated or otherwise permanently appropriated to the public for public use; and has a clear width and height of not less than 10 feet (3048 mm).

**ROOMING HOUSE.** A building arranged or occupied for lodging, with or without meals, for compensation and not occupied as a one- or two-family dwelling.

**ROOMING UNIT.** Any room or group of rooms forming a single habitable unit occupied or intended to be occupied for sleeping or living, but not for cooking purposes.

**RUBBISH.** Combustible and noncombustible waste materials, except garbage; the term shall include the residue from the burning of wood, coal, coke and other combustible materials, paper, rags, cartons, boxes, wood, excelsior, rubber, leather, tree branches, yard trimmings, tin cans, metals, mineral matter, glass, crockery and dust and other similar materials.

**[B] SLEEPING UNIT.** A room or space in which people sleep, which can also include permanent provisions for living, eating and either sanitation or kitchen facilities, but not both. Such rooms and spaces that are also part of a dwelling unit are not sleeping units.

**STRICT LIABILITY OFFENSE.** An offense in which the prosecution in a legal proceeding is not required to prove criminal intent as a part of its case. It is enough to prove that the defendant either did an act which was prohibited, or failed to do an act which the defendant was legally required to do.

**[A] STRUCTURE.** That which is built or constructed.

**TENANT.** A person, corporation, partnership or group, whether or not the legal owner of record, occupying a building or portion thereof as a unit.

**TOILET ROOM.** A room containing a water closet or urinal but not a bathtub or shower.

**ULTIMATE DEFORMATION.** The deformation at which failure occurs and that shall be deemed to occur if the sustainable load reduces to 80 percent or less of the maximum strength.

**[M] VENTILATION.** The natural or mechanical process of supplying conditioned or unconditioned air to, or removing such air from, any space.

**WORKMANLIKE.** Executed in a skilled manner; e.g., generally plumb, level, square, in line, undamaged and without marring adjacent work.

**[Z] YARD.** An open space on the lot so long with a structure.
(also see "Garbage." Garbage and Rubbish shall be taken to encompass both definitions herein.)
CHAPTER 3
GENERAL REQUIREMENTS

User note:

About this chapter: Chapter 3 is broad in scope and includes a variety of requirements for the maintenance of exterior property areas, as well as the interior and exterior elements of the structure, that are intended to maintain a minimum level of safety and sanitation for both the general public and the occupants of a structure, and to maintain a building's structural and weather-resistance performance. Specifically, Chapter 3 contains criteria for the maintenance of building components; vacant structures and land; the safety, sanitation and appearance of the interior and exterior of structures and all exterior property areas; accessory structures; extermination of insects and rodents; access barriers to swimming pools, spas and hot tubs; vehicle storage and owner/occupant responsibilities.

SECTION 301
GENERAL

301.1 Scope. The provisions of this chapter shall govern the minimum conditions and the responsibilities of persons for maintenance of structures, equipment and exterior property.

301.2 Responsibility. The owner of the premises shall maintain the structures and exterior property in compliance with these requirements, except as otherwise provided for in this code. A person shall not occupy as owner-occupant or permit another person to occupy premises that are not in a sanitary and safe condition and that do not comply with the requirements of this chapter. Occupants of a dwelling unit, rooming unit or housekeeping unit are responsible for keeping in a clean, sanitary and safe condition that part of the dwelling unit, rooming unit, housekeeping unit or premises they occupy and control.

301.3 Vacant structures and land. Vacant structures and premises thereof or vacant land shall be maintained in a clean, safe, secure and sanitary condition as provided herein so as not to cause a blighting problem or adversely affect the public health or safety.

SECTION 302
EXTERIOR PROPERTY AREAS

302.1 Sanitation. Exterior property and premises shall be maintained in a clean, safe and sanitary condition. The occupant shall keep that part of the exterior property that such occupant occupies or controls in a clean and sanitary condition.

302.2 Grading and drainage. Premises shall be graded and maintained to prevent the erosion of soil and to prevent the accumulation of stagnant water thereon, or within any structure located thereon.

Exception: Approved retention areas and reservoirs.

302.3 Sidewalks and driveways. Sidewalks, walkways, stairs, driveways, parking spaces and similar areas shall be kept in a proper state of repair, and maintained free from hazardous conditions.

302.4 Weeds. Premises and exterior property shall be maintained free from weeds or plant growth in excess of [JURIS-]

[INSTRUCTION TO INSERT HEIGHT IN INCHES]. Noxious weeds shall be prohibited. Weeds shall be defined as all grasses, annual plants and vegetation, other than trees or shrubs provided; however, this term shall not include cultivated flowers and gardens.

Upon failure of the owner or agent having charge of a property to cut and destroy weeds after service of a notice of violation, they shall be subject to prosecution in accordance with Section 106.3 and as prescribed by the authority having jurisdiction. Upon failure to comply with the notice of violation, any duly authorized employee of the jurisdiction or contractor hired by the jurisdiction shall be authorized to enter upon the property in violation and cut and destroy the weeds growing thereon, and the costs of such removal shall be paid by the owner or agent responsible for the property.

302.5 Rodent harborage. Structures and exterior property shall be kept free from rodent harborage and infestation. Where rodents are found, they shall be promptly exterminated by approved processes that will not be injurious to human health. After pest elimination, proper precautions shall be taken to eliminate rodent harborage and prevent reinfection.

302.6 Exhaust vents. Pipes, ducts, conductors, fans or blowers shall not discharge gases, steam, vapor, hot air, grease, smoke, odors or other gaseous or particulate wastes directly on abutting or adjacent public or private property or that of another tenant.

302.7 Accessory structures. Accessory structures, including detached garages, fences and walls, shall be maintained structurally sound and in good repair.

302.8 Motor vehicles. Except as provided for in other regulations, inoperative or unlicensed motor vehicles shall not be parked, kept or stored on any premises, and vehicles shall not at any time be in a state of major disassembly, disrepair, or in the process of being stripped or dismantled. Painting of vehicles is prohibited unless conducted inside an approved spray booth.

Exception: A vehicle of any type is permitted to undergo major overhaul, including body work, provided that such work is performed inside a structure or similarly enclosed area designed and approved for such purposes.
...as provided in Section 925.02 of the city code.

If we need to Reference the city code we will be using here, it is City Code 925.06
GENERAL REQUIREMENTS

302.9 Defacement of property. A person shall not willfully or wantonly damage, mutilate or deface any exterior surface of any structure or building on any private or public property by placing thereon any marking, carving or graffiti.

It shall be the responsibility of the owner to restore said surface to an approved state of maintenance and repair.

SECTION 303
SWIMMING POOLS, SPAS AND HOT TUBS

303.1 Swimming pools. Swimming pools shall be maintained in a clean and sanitary condition, and in good repair.

303.2 Enclosures. Private swimming pools, hot tubs and spas, containing water more than 24 inches (610 mm) in depth shall be completely surrounded by a fence or barrier not less than 48 inches (1219 mm) in height above the finished ground level measured on the side of the barrier away from the pool. Gates and doors in such barriers shall be self-closing and self-latching. Where the self-latching device is less than 54 inches (1372 mm) above the bottom of the gate, the release mechanism shall be located on the pool side of the gate. Self-closing and self-latching gates shall be maintained such that the gate will positively close and latch when released from an open position of 6 inches (152 mm) from the gatepost. An existing pool enclosure shall not be removed, replaced or changed in a manner that reduces its effectiveness as a safety barrier.

Exception: Spas or hot tubs with a safety cover that complies with ASTM F1346 shall be exempt from the provisions of this section.

SECTION 304
EXTERIOR STRUCTURE

304.1 General. The exterior of a structure shall be maintained in good repair, structurally sound and sanitary so as not to pose a threat to the public health, safety or welfare.

304.1.1 Unsafe conditions. The following conditions shall be determined as unsafe and shall be repaired or replaced to comply with the International Building Code or the International Existing Building Code as required for existing buildings:

1. The nominal strength of any structural member is exceeded by nominal loads, the load effects or the required strength.
2. The anchorage of the floor or roof to walls or columns, and of walls and columns to foundations is not capable of resisting all nominal loads or load effects.
3. Structures or components thereof that have reached their limit state.
4. Siding and masonry joints including joints between the building envelope and the perimeter of windows, doors and skylights are not maintained, weather resistant or water tight.
5. Structural members that have evidence of deterioration or that are not capable of safely supporting all nominal loads and load effects.
6. Foundation systems that are not firmly supported by footings, are not plumb and free from open cracks and breaks, are not properly anchored or are not capable of supporting all nominal loads and resisting all load effects.
7. Exterior walls that are not anchored to supporting and supported elements or are not plumb and free of holes, cracks or breaks and loose or rotting materials, are not properly anchored or are not capable of supporting all nominal loads and resisting all load effects.
8. Roofing or roofing components that have defects that admit rain, roof surfaces with inadequate drainage, or any portion of the roof framing that is not in good repair with signs of deterioration, fatigue or without proper anchorage and incapable of supporting all nominal loads and resisting all load effects.
9. Flooring and flooring components with defects that affect serviceability or flooring components that show signs of deterioration or fatigue, are not properly anchored or are incapable of supporting all nominal loads and resisting all load effects.
10. Veneer, cornices, belt courses, corbels, trim, wall facings and similar decorative features not properly anchored or that are anchored with connections not capable of supporting all nominal loads and resisting all load effects.
11. Overhang extensions or projections including, but not limited to, trash chutes, canopies, marquee, signs, awnings, fire escapes, standpipes and exhaust ducts not properly anchored or that are anchored with connections not capable of supporting all nominal loads and resisting all load effects.
12. Exterior stairs, decks, porches, balconies and similar appurtenances attached thereto, including guards and handrails, are not structurally sound, not properly anchored or that are anchored with connections not capable of supporting all nominal loads and resisting all load effects.
13. Chimneys, cooling towers, smokestacks and similar appurtenances not structurally sound or not properly anchored, or that are anchored with connections not capable of supporting all nominal loads and resisting all load effects.

Exceptions:
1. Where substantiated otherwise by an approved method.
2. Demolition of unsafe conditions shall be permitted where approved by the code official.

304.2 Protective treatment. Exterior surfaces, including but not limited to, doors, door and window frames, cornices, porches, trim, balconies, decks and fences, shall be maintained in good condition. Exterior wood surfaces, other than...
...within 48 hours or as designated by the Code Official.
decay-resistant woods, shall be protected from the elements and decay by painting or other protective covering or treatment. Peeling, flaking and chipped paint shall be eliminated and surfaces repainted, including and masonry joints, as well as those between the building envelope and the perimeter of windows, doors and skylights, shall be maintained weather resistant and water tight. Metal surfaces subject to rust or corrosion shall be coated to inhibit such rust and corrosion, and surfaces with rust or corrosion shall be stabilized and coated to inhibit future rust and corrosion. Oxidation stains shall be removed from exterior surfaces. Surfaces designed for stabilization by oxidation are exempt from this requirement.

[F] 304.3 Premises identification. Buildings shall have approved address numbers placed in a position to be plainly legible and visible from the street or road fronting the property. These numbers shall contrast with their background. Address numbers shall be Arabic numerals or alphabet letters. Numbers shall be not less than 4 inches (102 mm) in height with a minimum stroke width of 0.5 inch (12.7 mm).

304.4 Structural members. Structural members shall be maintained free from deterioration, and shall be capable of safely supporting the imposed dead and live loads.

304.5 Foundation walls. Foundation walls shall be maintained plumb and free from open cracks and breaks and shall be kept in such condition so as to prevent the entry of rodents and other pests.

304.6 Exterior walls. Exterior walls shall be free from holes, breaks, and loose or rotting materials; and maintained waterproof and properly surface coated where required to prevent deterioration.

304.7 Roofs and drainage. The roof and flashing shall be sound, tight and not have defects that admit rain. Roof drainage shall be adequate to prevent dampness or deterioration in the walls or interior portion of the structure. Roof drains, gutters and downspouts shall be maintained in good repair and free from obstructions. Roof water shall not be discharged in a manner that creates a public nuisance.

304.8 Decorative features. Cornices, belt courses, corbels, terra cotta trim, wall facings and similar decorative features shall be maintained in good repair with proper anchorage and in a safe condition.

304.9 Overhang extensions. Overhang extensions including, but not limited to, canopies, marquees, signs, metal awnings, fire escapes, standpipes and exhaust ducts shall be maintained in good repair and be properly anchored so as to be kept in a sound condition. Where required, all exposed surfaces of metal or wood shall be protected from the elements and against decay or rust by periodic application of weather-coating materials, such as paint or similar surface treatment.

304.10 Stairways, decks, porches and balconies. Every exterior stairway, deck, porch and balcony, and all appurtenances attached thereto, shall be maintained structurally sound, in good repair, with proper anchorage and capable of supporting the imposed loads.

304.11 Chimneys and towers. Chimneys, cooling towers, smoke stacks, and similar appurtenances shall be maintained structurally safe and sound, and in good repair. Exposed sur-

faces of metal or wood shall be protected from the elements and against decay or rust by periodic application of weather-coating materials, such as paint or similar surface treatment.

304.12 Handrails and guards. Every handrail and guard shall be firmly fastened and capable of supporting normally imposed loads and shall be maintained in good condition.

304.13 Window, skylight and door frames. Every window, skylight, door and frame shall be kept in sound condition, good repair and weather tight.

304.14 Insect screens. During the period from [DATE] to [DATE] every door, window and other outside opening required for ventilation of habitable rooms, food preparation areas, food service areas or any areas where products to be included or utilized in food for human consumption are processed, manufactured, packaged or stored shall be supplied with approved tightly fitting screens of minimum 16 mesh per inch (16 mesh per 25 mm), and every screen door used for insect control shall have a self-closing device in good working condition.

Exception: Screens shall not be required where other approved means, such as air curtains or insect repellent fans, are employed.

304.15 Doors. Exterior doors, door assemblies, operator systems if provided, and hardware shall be maintained in good condition. Locks at all entrances to dwelling units and sleeping units shall tightly secure the door. Locks on means of egress doors shall be in accordance with Section 702.3.

304.16 Basement hatchways. Every basement hatchway shall be maintained to prevent the entrance of rodents, rain and surface drainage water.

304.17 Guards for basement windows. Every basement window that is openable shall be supplied with rodent shields, storm windows or other approved protection against the entry of rodents.

304.18 Building security. Doors, windows or hatchways for dwelling units, room units or housekeeping units shall be provided with devices designed to provide security for the occupants and property within.

304.18.1 Doors. Doors providing access to a dwelling unit, rooming unit or housekeeping unit that is rented, leased or let shall be equipped with a deadbolt lock designed to be readily openable from the side from which egress is to be made without the need for keys, special knowledge or effort and shall have a minimum lock throw of 1 inch (25 mm). Such deadbolt locks shall be installed according to the manufacturer’s specifications and maintained in good working order. For the purpose of this section, a sliding bolt shall not be considered an acceptable deadbolt lock.

304.18.2 Windows. Operable windows located in whole or in part within 6 feet (1828 mm) above ground level or a
...if on more than 20% of one side of any surface or building.

304.14 Insect screens. Every door...
GENERAL REQUIREMENTS

walking surface below that provide access to a dwelling unit, rooming unit or housekeeping unit that is rented, leased or let shall be equipped with a window sash locking device.

304.18.3 Basement hatchways. Basement hatchways that provide access to a dwelling unit, rooming unit or housekeeping unit that is rented, leased or let shall be equipped with devices that secure the units from unauthorized entry.

304.19 Gates. Exterior gates, gate assemblies, operator systems if provided, and hardware shall be maintained in good condition. Latches at all entrances shall tightly secure the gates.

SECTION 305
INTERIOR STRUCTURE

305.1 General. The interior of a structure and equipment therein shall be maintained in good repair, structurally sound and in a sanitary condition. Occupants shall keep that part of the structure that they occupy or control in a clean and sanitary condition. Every owner of a structure containing a rooming house, housekeeping units, a hotel, a dormitory, two or more dwelling units or two or more nonresidential occupancies, shall maintain, in a clean and sanitary condition, the shared or public areas of the structure and exterior property.

305.1.1 Unsafe conditions. The following conditions shall be determined as unsafe and shall be repaired or replaced to comply with the International Building Code or the International Existing Building Code as required for existing buildings:

1. The nominal strength of any structural member is exceeded by nominal loads, the load effects or the required strength.
2. The anchorage of the floor or roof to walls or columns, and of walls and columns to foundations is not capable of resisting all nominal loads or load effects.
3. Structures or components thereof that have reached their limit state.
4. Structural members are incapable of supporting nominal loads and load effects.
5. Stairs, landings, balconies and all similar walking surfaces, including guards and handrails, are not structurally sound, not properly anchored or are anchored with connections not capable of supporting all nominal loads and resisting all load effects.
6. Foundation systems that are not firmly supported by footings are not plumb and free from open cracks and breaks, are not properly anchored or are not capable of supporting all nominal loads and resisting all load effects.

Exceptions:

1. Where substantiated otherwise by an approved method.
2. Demolition of unsafe conditions shall be permitted where approved by the code official.

305.2 Structural members. Structural members shall be maintained structurally sound, and be capable of supporting the imposed loads.

305.3 Interior surfaces. Interior surfaces, including windows and doors, shall be maintained in good, clean and sanitary condition. Peeling, chipping, flaking or abraded paint shall be repaired, removed or covered. Cracked or loose plaster, decayed wood and other defective surface conditions shall be corrected.

305.4 Stairs and walking surfaces. Every stair, ramp, landing, balcony, porch, deck or other walking surface shall be maintained in sound condition and good repair.

305.5 Handrails and guards. Every handrail and guard shall be firmly fastened and capable of supporting normally imposed loads and shall be maintained in good condition.

305.6 Interior doors. Every interior door shall fit reasonably well within its frame and shall be capable of being opened and closed by being properly and securely attached to jambs, headers or tracks as intended by the manufacturer of the attachment hardware.

SECTION 306
COMPONENT SERVICEABILITY

306.1 General. The components of a structure and equipment therein shall be maintained in good repair, structurally sound and in a sanitary condition.

306.1.1 Unsafe conditions. Where any of the following conditions cause the component or system to be beyond its limit state, the component or system shall be determined as unsafe and shall be repaired or replaced to comply with the International Building Code or the International Existing Building Code as required for existing buildings:

1. Soils that have been subjected to any of the following conditions:
   1.1. Collapse of footing or foundation system.
   1.2. Damage to footing, foundation, concrete or other structural element due to soil expansion.
   1.3. Adverse effects to the design strength of footing, foundation, concrete or other structural element due to a chemical reaction from the soil.
   1.4. Inadequate soil as determined by a geotechnical investigation.
   1.5. Where the allowable bearing capacity of the soil is in doubt.
   1.6. Adverse effects to the footing, foundation, concrete or other structural element due to the ground water table.
2. Concrete that has been subjected to any of the following conditions:
   2.1. Deterioration.
   2.2. Ultimate deformation.
   2.3. Fractures.
2.4. Fissures.
2.5. Spalling.
2.6. Exposed reinforcement.
2.7. Detached, dislodged or failing connections.

3. Aluminum that has been subjected to any of the following conditions:
   3.1. Deterioration.
   3.2. Corrosion.
   3.3. Elastic deformation.
   3.4. Ultimate deformation.
   3.5. Stress or strain cracks.
   3.6. Joint fatigue.
   3.7. Detached, dislodged or failing connections.

4. Masonry that has been subjected to any of the following conditions:
   4.1. Deterioration.
   4.2. Ultimate deformation.
   4.3. Fractures in masonry or mortar joints.
   4.4. Fissures in masonry or mortar joints.
   4.5. Spalling.
   4.6. Exposed reinforcement.
   4.7. Detached, dislodged or failing connections.

5. Steel that has been subjected to any of the following conditions:
   5.1. Deterioration.
   5.2. Elastic deformation.
   5.3. Ultimate deformation.
   5.4. Metal fatigue.
   5.5. Detached, dislodged or failing connections.

6. Wood that has been subjected to any of the following conditions:
   6.1. Ultimate deformation.
   6.2. Deterioration.
   6.3. Damage from insects, rodents and other vermin.
   6.4. Fire damage beyond charring.
   6.5. Significant splits and checks.
   6.6. Horizontal shear cracks.
   6.7. Vertical shear cracks.
   6.8. Inadequate support.
   6.9. Detached, dislodged or failing connections.
   6.10. Excessive cutting and notching.

Exceptions:
1. Where substantiated otherwise by an approved method.
2. Demolition of unsafe conditions shall be permitted where approved by the code official.
308.1 Disposal of garbage or rubbish. The City of Richfield reserves the right to utilize the enforcement and notice processes in Section 601 of the Richfield City Code for garbage, yard waste and recyclables preparation, collection and disposal, scavenging and air pollution.
GENERAL REQUIREMENTS

elimination, proper precautions shall be taken to prevent rein-
fection.

309.2 Owner. The owner of any structure shall be respon-
sible for pest elimination within the structure prior to renting or
leasing the structure.

309.3 Single occupant. The occupant of a one-family dwell-
ing or of a single-tenant nonresidential structure shall be
responsible for pest elimination on the premises.

309.4 Multiple occupancy. The owner of a structure contain-
ing two or more dwelling units, a multiple occupancy, a
rooming house or a nonresidential structure shall be responsi-
bile for pest elimination in the public or shared areas of the
structure and exterior property. If infestation is caused by
failure of an occupant to prevent such infestation in the area
occupied, the occupant and owner shall be responsible for
pest elimination.

309.5 Occupant. The occupant of any structure shall be
responsible for the continued rodent and pest-free condition
of the structure.

   Exception: Where the infestations are caused by defects
in the structure, the owner shall be responsible for pest
elimination.
CHAPTER 4
LIGHT, VENTILATION AND OCCUPANCY LIMITATIONS

User note:
About this chapter: Chapter 4 sets forth requirements to establish the minimum environment for occupiable and habitable buildings by establishing the minimum criteria for light and ventilation and identifying occupancy limitations including minimum room width and area, minimum ceiling height and restrictions to prevent overcrowding.

SECTION 401
GENERAL

401.1 Scope. The provisions of this chapter shall govern the minimum conditions and standards for light, ventilation and space for occupying a structure.

401.2 Responsibility. The owner of the structure shall provide and maintain light, ventilation and space conditions in compliance with these requirements. A person shall not occupy as owner-occupant, or permit another person to occupy, any premises that do not comply with the requirements of this chapter.

401.3 Alternative devices. In lieu of the means for natural light and ventilation herein prescribed, artificial light or mechanical ventilation complying with the International Building Code shall be permitted.

SECTION 402
LIGHT

402.1 Habitable spaces. Every habitable space shall have not less than one window of approved size facing directly to the outdoors or to a court. The minimum total glazed area for every habitable space shall be 8 percent of the floor area of such room. Wherever walls or other portions of a structure face a window of any room and such obstructions are located less than 3 feet (914 mm) from the window and extend to a level above that of the covering of the room, such window shall not be deemed to face directly to the outdoors nor to a court and shall not be included as contributing to the required minimum total window area for the room.

Exception: Where natural light for rooms or spaces without exterior glazing areas is provided through an adjoining room, the unobstructed opening to the adjoining room shall be not less than 8 percent of the floor area of the interior room or space, or not less than 25 square feet (2.33 m²), whichever is greater. The exterior glazing area shall be based on the total floor area being served.

402.2 Common halls and stairways. Every common hall and stairway in residential occupancies, other than in one- and two-family dwellings, shall be lighted at all times with not less than a 60-watt standard incandescent light bulb for each 200 square feet (19 m²) of floor area or equivalent illumination, provided that the spacing between lights shall not be greater than 30 feet (9144 mm). In other than residential occupancies, interior and exterior means of egress, stairways shall be illuminated at all times the building space served by the means of egress is occupied with not less than 1 footcandle (11 lux) at floors, landings and treads.

402.3 Other spaces. Other spaces shall be provided with natural or artificial light sufficient to permit the maintenance of sanitary conditions, and the safe occupancy of the space and utilization of the appliances, equipment and fixtures.

SECTION 403
VENTILATION

403.1 Habitable spaces. Every habitable space shall have not less than one openable window. The total openable area of the window in every room shall be equal to not less than 45 percent of the minimum glazed area required in Section 402.1.

Exception: Where rooms and spaces without openings to the outdoors are ventilated through an adjoining room, the unobstructed opening to the adjoining room shall be not less than 8 percent of the floor area of the interior room or space, but not less than 25 square feet (2.33 m²). The ventilation openings to the outdoors shall be based on a total floor area being ventilated.

403.2 Bathrooms and toilet rooms. Every bathroom and toilet room shall comply with the ventilation requirements for habitable spaces as required by Section 403.1, except that a window shall not be required in such spaces equipped with a mechanical ventilation system. Air exhausted by a mechanical ventilation system from a bathroom or toilet room shall discharge to the outdoors and shall not be recirculated.

403.3 Cooking facilities. Unless approved through the certificate of occupancy, cooking shall not be permitted in any rooming unit or dormitory unit, and a cooking facility or appliance shall not be permitted to be present in the rooming unit or dormitory unit.

Exceptions:
1. Where specifically approved in writing by the code official.
2. Devices such as coffee pots and microwave ovens shall not be considered cooking appliances.

403.4 Process ventilation. Where injurious, toxic, irritating or noxious fumes, gases, dusts or mists are generated, a local exhaust ventilation system shall be provided to remove the contaminating agent at the source. Air shall be exhausted to the exterior and not be recirculated to any space.
403.5 Clothes dryer exhaust. Clothes dryer exhaust systems shall be independent of all other systems and shall be exhausted outside the structure in accordance with the manufacturer’s instructions.

**Exception:** Listed and labeled condensing (ductless) clothes dryers.

**SECTION 404 OCCUPANCY LIMITATIONS**

404.1 Privacy. Dwelling units, hotel units, housekeeping units, rooming units and dormitory units shall be arranged to provide privacy and be separate from other adjoining spaces.

404.2 Minimum room widths. A habitable room, other than a kitchen, shall be not less than 7 feet (2134 mm) in any plan dimension. Kitchens shall have a minimum clear passageway of 3 feet (914 mm) between counterfronts and appliances or counterfronts and walls.

404.3 Minimum ceiling heights. Habitable spaces, hallways, corridors, laundry areas, bathrooms, toilet rooms and habitable basement areas shall have a minimum clear ceiling height of 7 feet (2134 mm).

**Exceptions:**

1. In one- and two-family dwellings, beams or girders spaced not less than 4 feet (1219 mm) on center and projecting not greater than 6 inches (152 mm) below the required ceiling height.

2. *Basement* rooms in one- and two-family dwellings occupied exclusively for laundry, study or recreation purposes, having a minimum ceiling height of 6 feet 8 inches (2033 mm) with a minimum clear height of 6 feet 4 inches (1932 mm) under beams, girders, ducts and similar obstructions.

3. Rooms occupied exclusively for sleeping, study or similar purposes and having a sloped ceiling over all or part of the room, with a minimum clear ceiling height of 7 feet (2134 mm) over not less than one-third of the required minimum floor area. In calculating the floor area of such rooms, only those portions of the floor area with a minimum clear ceiling height of 5 feet (1524 mm) shall be included.

404.4 Bedroom and living room requirements. Every bedroom and living room shall comply with the requirements of Sections 404.4.1 through 404.4.5.

404.4.1 Room area. Every living room shall contain not less than 120 square feet (11.2 m²) and every bedroom shall contain not less than 70 square feet (6.5 m²) and every bedroom occupied by more than one person shall contain not less than 50 square feet (4.6 m²) of floor area for each occupant thereof.

404.4.2 Access from bedrooms. *Bedrooms* shall not constitute the only means of access to other bedrooms or habitable spaces and shall not serve as the only means of egress from other habitable spaces.

**Exception:** Units that contain fewer than two bedrooms.

404.4.3 Water closet accessibility. Every *bedroom* shall have access to not less than one water closet and one lavatory without passing through another bedroom. Every *bedroom* in a *dwelling unit* shall have access to not less than one water closet and lavatory located in the same story as the *bedroom* or an adjacent story.

404.4.4 Prohibited occupancy. Kitchens and nonhabitable spaces shall not be used for sleeping purposes.

404.4.5 Other requirements. *Bedrooms* shall comply with the applicable provisions of this code including, but not limited to, the light, ventilation, room area, ceiling height and room width requirements of this chapter; the plumbing facilities and water-heating facilities requirements of Chapter 5; the heating facilities and electrical receptacle requirements of Chapter 6; and the smoke detector and emergency escape requirements of Chapter 7.

404.5 Overcrowding. Dwelling units shall not be occupied by more occupants than permitted by the minimum area requirements of Table 404.5.

**TABLE 404.5 MINIMUM AREA REQUIREMENTS**

<table>
<thead>
<tr>
<th>SPACE</th>
<th>MINIMUM AREA IN SQUARE FEET</th>

For SI: 1 square foot = 0.0929 m².

a. See Section 404.5.2 for combined living room/dining room spaces.

b. See Section 404.5.1 for limitations on determining the minimum occupancy area for sleeping purposes.

404.5.1 Sleeping area. The minimum occupancy area required by Table 404.5 shall not be included as a sleeping area in determining the minimum occupancy area for sleeping purposes. Sleeping areas shall comply with Section 404.4.

404.5.2 Combined spaces. Combined living room and dining room spaces shall comply with the requirements of Table 404.5 if the total area is equal to that required for separate rooms and if the space is located so as to function as a combination living room/dining room.

404.6 Efficiency unit. Nothing in this section shall prohibit an efficiency living unit from meeting the following requirements:

1. A unit occupied by not more than one occupant shall have a minimum clear floor area of 120 square feet (11.2 m²). A unit occupied by not more than two occupants shall have a minimum clear floor area of 220 square feet (20.4 m²). A unit occupied by three occupants shall have a minimum clear floor area of 320 square feet (29.7 m²). These required areas shall be exclusive of the areas required by Items 2 and 3.

2. The unit shall be provided with a kitchen sink, cooking appliance and refrigeration facilities, each having a minimum clear working space of 30 inches (762 mm)
3. The unit shall be provided with a separate bathroom containing a water closet, lavatory and bathtub or shower.

4. The maximum number of occupants shall be three.

**404.7 Food preparation.** Spaces to be occupied for food preparation purposes shall contain suitable space and equipment to store, prepare and serve foods in a sanitary manner. There shall be adequate facilities and services for the sanitary disposal of food wastes and refuse, including facilities for temporary storage.
CHAPTER 5
PLUMBING FACILITIES AND FIXTURE REQUIREMENTS

User note:

*About this chapter:* Chapter 5 establishes minimum sanitary and clean conditions in occupied buildings by containing requirements for the installation, maintenance and location of plumbing systems and facilities, including the water supply system, water heating appliances, sewage disposal systems and related plumbing fixtures. Chapter 5 includes requirements for providing potable water to a building and the basic fixtures to effectively utilize and dispose of that water.

SECTION 501
GENERAL

501.1 *Scope.* The provisions of this chapter shall govern the minimum plumbing systems, facilities and plumbing fixtures to be provided.

501.2 *Responsibility.* The owner of the structure shall provide and maintain such plumbing facilities and plumbing fixtures in compliance with these requirements. A person shall not occupy as owner-occupant or permit another person to occupy any structure or premises that does not comply with the requirements of this chapter.

SECTION 502
REQUIRED FACILITIES

[P] 502.1 *Dwelling units.* Every dwelling unit shall contain its own bathtub or shower, lavatory, water closet and kitchen sink that shall be maintained in a sanitary, safe working condition. The lavatory shall be placed in the same room as the water closet or located in close proximity to the door leading directly into the room in which such water closet is located. A kitchen sink shall not be used as a substitute for the required lavatory.

[P] 502.2 *Rooming houses.* Not less than one water closet, lavatory and bathtub or shower shall be supplied for each four rooming units.

[P] 502.3 *Hotels.* Where private water closets, lavatories and baths are not provided, one water closet, one lavatory and one bathtub or shower having access from a public hallway shall be provided for each 10 occupants.

[P] 502.4 *Employees’ facilities.* Not less than one water closet, one lavatory and one drinking facility shall be available to employees.

[P] 502.4.1 *Drinking facilities.* Drinking facilities shall be a drinking fountain, water cooler, bottled water cooler or disposable cups next to a sink or water dispenser. Drinking facilities shall not be located in toilet rooms or bathrooms.

[P] 502.5 *Public toilet facilities.* Public toilet facilities shall be maintained in a safe, sanitary and working condition in accordance with the International Plumbing Code. Except for periodic maintenance or cleaning, public access and use shall be provided to the toilet facilities at all times during occupancy of the premises.

SECTION 503
TOILET ROOMS

[P] 503.1 *Privacy.* Toilet rooms and bathrooms shall provide privacy and shall not constitute the only passageway to a hall or other space, or to the exterior. A door and interior locking device shall be provided for all common or shared bathrooms and toilet rooms in a multiple dwelling.

[P] 503.2 *Location.* Toilet rooms and bathrooms serving hotel units, rooming units or dormitory units or housekeeping units, shall have access by traversing not more than one flight of stairs and shall have access from a common hall or passageway.

[P] 503.3 *Location of employee toilet facilities.* Toilet facilities shall have access from within the employees’ working area. The required toilet facilities shall be located not more than one story above or below the employees’ working area and the path of travel to such facilities shall not exceed a distance of 500 feet (152 m). Employee facilities shall either be separate facilities or combined employee and public facilities.

*Exception:* Facilities that are required for employees in storage structures or kiosks, which are located in adjacent structures under the same ownership, lease or control, shall not exceed a travel distance of 500 feet (152 m) from the employees’ regular working area to the facilities.

[P] 503.4 *Floor surface.* In other than dwelling units, every toilet room floor shall be maintained to be a smooth, hard, nonabsorbent surface to permit such floor to be easily kept in a clean and sanitary condition.

SECTION 504
PLUMBING SYSTEMS AND FIXTURES

[P] 504.1 *General.* Plumbing fixtures shall be properly installed and maintained in working order, and shall be kept free from obstructions, leaks and defects and be capable of performing the function for which such plumbing fixtures are designed. Plumbing fixtures shall be maintained in a safe, sanitary and functional condition.

[P] 504.2 *Fixture clearances.* Plumbing fixtures shall have adequate clearances for usage and cleaning.
PLUMBING FACILITIES AND FIXTURE REQUIREMENTS

[P] 504.3 Plumbing system hazards. Where it is found that a plumbing system in a structure constitutes a hazard to the occupants or the structure by reason of inadequate service, inadequate venting, cross connection, backsiphonage, improper installation, deterioration or damage or for similar reasons, the code official shall require the defects to be corrected to eliminate the hazard.

SECTION 505 WATER SYSTEM

[P] 505.1 General. Every sink, lavatory, bathtub or shower, drinking fountain, water closet or other plumbing fixture shall be properly connected to either a public water system or to an approved private water system. Kitchen sinks, lavatories, laundry facilities, bathtubs and showers shall be supplied with hot or tempered and cold running water in accordance with the *International Plumbing Code*.

[P] 505.2 Contamination. The water supply shall be maintained free from contamination, and all water inlets for plumbing fixtures shall be located above the flood-level rim of the fixture. Shampoo basin faucets, janitor sink faucets and other hose bibs or faucets to which hoses are attached and left in place, shall be protected by an approved atmospheric-type vacuum breaker or an approved permanently attached hose connection vacuum breaker.

[P] 505.3 Supply. The water supply system shall be installed and maintained to provide a supply of water to plumbing fixtures, devices and appurtenances in sufficient volume and at pressures adequate to enable the fixtures to function properly, safely, and free from defects and leaks.

[P] 505.4 Water heating facilities. Water heating facilities shall be properly installed, maintained and capable of providing an adequate amount of water to be drawn at every required sink, lavatory, bathtub, shower and laundry facility at a temperature not less than 110°F (43°C). A gas-burning water heater shall not be located in any bathroom, toilet room, bedroom or other occupied room normally kept closed, unless adequate combustion air is provided. An approved combination temperature and pressure-relief valve and relief valve discharge pipe shall be properly installed and maintained on water heaters.

[P] 505.5 Nonpotable water reuse systems. Nonpotable water reuse systems and rainwater collection and conveyance systems shall be maintained in a safe and sanitary condition. Where such systems are not properly maintained, the systems shall be repaired to provide for safe and sanitary conditions, or the system shall be abandoned in accordance with Section 505.5.1.

[P] 505.5.1 Abandonment of systems. Where a nonpotable water reuse system or a rainwater collection and distribution system is not maintained or the owner ceases use of the system, the system shall be abandoned in accordance with Section 1301.10 of the *International Plumbing Code*.

SECTION 506 SANITARY DRAINAGE SYSTEM

[P] 506.1 General. Plumbing fixtures shall be properly connected to either a public sewer system or to an approved private sewage disposal system.

[P] 506.2 Maintenance. Every plumbing stack, vent, waste and sewer line shall function properly and be kept free from obstructions, leaks and defects.

[P] 506.3 Grease interceptors. Grease interceptors and automatic grease removal devices shall be maintained in accordance with this code and the manufacturer’s installation instructions. Grease interceptors and automatic grease removal devices shall be regularly serviced and cleaned to prevent the discharge of oil, grease, and other substances harmful or hazardous to the building drainage system, the public sewer, the private sewage disposal system or the sewage treatment plant or processes. Records of maintenance, cleaning and repairs shall be available for inspection by the code official.

SECTION 507 STORM DRAINAGE

[P] 507.1 General. Drainage of roofs and paved areas, yards and courts, and other open areas on the premises shall not be discharged in a manner that creates a public nuisance.
CHAPTER 6
MECHANICAL AND ELECTRICAL REQUIREMENTS

User note:

About this chapter: Chapter 6 establishes minimum performance requirements for heating, electrical and mechanical facilities serving existing structures, such as heating and air-conditioning equipment, appliances and their supporting systems; water heating equipment, appliances and systems; cooking equipment and appliances; ventilation and exhaust equipment; gas and liquid fuel distribution piping and components; fireplaces and solid fuel-burning appliances; chimneys and vents; electrical services; lighting fixtures; electrical receptacle outlets; electrical distribution system equipment, devices and wiring; and elevators, escalators and dumbwaiters.

SECTION 601
GENERAL

601.1 Scope. The provisions of this chapter shall govern the minimum mechanical and electrical facilities and equipment to be provided.

601.2 Responsibility. The owner of the structure shall provide and maintain mechanical and electrical facilities and equipment in compliance with these requirements. A person shall not occupy as owner-occupant or permit another person to occupy any premises that does not comply with the requirements of this chapter.

SECTION 602
HEATING FACILITIES

602.1 Facilities required. Heating facilities shall be provided in structures as required by this section.

602.2 Residential occupancies. Dwellings shall be provided with heating facilities capable of maintaining a room temperature of 68°F (20°C) in all habitable rooms, bathrooms and toilet rooms based on the winter outdoor design temperature for the locality indicated in Appendix D of the International Plumbing Code. Cooking appliances shall not be used, nor shall portable unvented fuel-burning space heaters be used, as a means to provide required heating.

Exception: In areas where the average monthly temperature is above 30°F (-1°C), a minimum temperature of 65°F (18°C) shall be maintained.

602.3 Heat supply. Every owner and operator of any building who rents, leases or lets one or more dwelling units or sleeping units on terms, either expressed or implied, to furnish heat to the occupants thereof shall supply heat during the period from [DATE] to [DATE] maintain a minimum temperature of 68°F (20°C) in all habitable rooms, bathrooms and toilet rooms.

Exceptions:

1. When the outdoor temperature is below the winter outdoor design temperature for the locality, maintenance of the minimum room temperature shall not be required provided that the heating system is operating at its full design capacity. The winter outdoor design temperature for the locality shall be as indicated in Appendix D of the International Plumbing Code.

2. In areas where the average monthly temperature is above 30°F (-1°C), a minimum temperature of 65°F (18°C) shall be maintained.

602.4 Occupable work spaces. Indoor occupable work spaces shall be supplied with heat during the period from [DATE] to [DATE] maintain a minimum temperature of 65°F (18°C) during the period the spaces are occupied.

Exceptions:

1. Processing, storage and operation areas that require cooling or special temperature conditions.

2. Areas in which persons are primarily engaged in vigorous physical activities.

602.5 Room temperature measurement. The required room temperatures shall be measured 3 feet (914 mm) above the floor near the center of the room and 2 feet (610 mm) inward from the center of each exterior wall.

SECTION 603
MECHANICAL EQUIPMENT

603.1 Mechanical equipment and appliances. Mechanical equipment, appliances, fireplaces, solid fuel-burning appliances, cooking appliances and water heating appliances shall be properly installed and maintained in a safe working condition, and shall be capable of performing the intended function.

603.2 Removal of combustion products. Fuel-burning equipment and appliances shall be connected to an approved chimney or vent.

Exception: Fuel-burning equipment and appliances that are labeled for unvented operation.

603.3 Clearances. Required clearances to combustible materials shall be maintained.

603.4 Safety controls. Safety controls for fuel-burning equipment shall be maintained in effective operation.

603.5 Combustion air. A supply of air for complete combustion of the fuel and for ventilation of the space containing the

</tbody>
</table>
fuel-burning equipment shall be provided for the fuel-burning equipment.

603.6 Energy conservation devices. Devices intended to reduce fuel consumption by attachment to a fuel-burning appliance, to the fuel supply line thereto, or to the vent outlet or vent piping therefrom, shall not be installed unless labeled for such purpose and the installation is specifically approved.

SECTION 604
ELECTRICAL FACILITIES

604.1 Facilities required. Every occupied building shall be provided with an electrical system in compliance with the requirements of this section and Section 605.

604.2 Service. The size and usage of appliances and equipment shall serve as a basis for determining the need for additional facilities in accordance with NFPA 70. Dwelling units shall be served by a three-wire, 120/240 volt, single-phase electrical service having a minimum rating of 60 amperes.

604.3 Electrical system hazards. Where it is found that the electrical system in a structure constitutes a hazard to the occupants or the structure by reason of inadequate service, improper fusing, insufficient receptacle and lighting outlets, improper wiring or installation, deterioration or damage, or for similar reasons, the code official shall require the defects to be corrected to eliminate the hazard.

604.3.1 Abatement of electrical hazards associated with water exposure. The provisions of this section shall govern the repair and replacement of electrical systems and equipment that have been exposed to water.

604.3.1.1 Electrical equipment. Electrical distribution equipment, motor circuits, power equipment, transformers, wire, cable, flexible cords, wiring devices, ground fault circuit interrupters, surge protectors, molded case circuit breakers, low-voltage fuses, luminaires, ballasts, motors and electronic control, signaling and communication equipment that have been exposed to water shall be replaced in accordance with the provisions of the International Building Code.

Exception: The following equipment shall be allowed to be repaired where an inspection report from the equipment manufacturer or approved manufacturer’s representative indicates that the equipment has not sustained damage that requires replacement:

1. Enclosed switches, rated not more than 600 volts or less.
2. Busway, rated not more than 600 volts.
3. Panelboards, rated not more than 600 volts.
4. Switchboards, rated not more than 600 volts.
5. Fire pump controllers, rated not more than 600 volts.
7. Motor control centers.
8. Alternating current high-voltage circuit breakers.
9. Low-voltage power circuit breakers.
10. Protective relays, meters and current transformers.
11. Low- and medium-voltage switchgear.
12. Liquid-filled transformers.
13. Cast-resin transformers.
14. Wire or cable that is suitable for wet locations and whose ends have not been exposed to water.
15. Wire or cable, not containing fillers, that is suitable for wet locations and whose ends have not been exposed to water.
16. Luminaires that are listed as submersible.
17. Motors.
18. Electronic control, signaling and communication equipment.

604.3.2 Abatement of electrical hazards associated with fire exposure. The provisions of this section shall govern the repair and replacement of electrical systems and equipment that have been exposed to fire.

604.3.2.1 Electrical equipment. Electrical switches, receptacles and fixtures, including furnace, water heating, security system and power distribution circuits, that have been exposed to fire, shall be replaced in accordance with the provisions of the International Building Code.

Exception: Electrical switches, receptacles and fixtures that shall be allowed to be repaired where an inspection report from the equipment manufacturer or approved manufacturer’s representative indicates that the equipment has not sustained damage that requires replacement.

SECTION 605
ELECTRICAL EQUIPMENT

605.1 Installation. Electrical equipment, wiring and appliances shall be properly installed and maintained in a safe and approved manner.

605.2 Receptacles. Every habitable space in a dwelling shall contain not less than two separate and remote receptacle outlets. Every laundry area shall contain not less than one grounding-type receptacle or a receptacle with a ground fault circuit interrupter. Every bathroom shall contain not less than one receptacle. Any new bathroom receptacle outlet shall have ground fault circuit interrupter protection. All receptacle outlets shall have the appropriate faceplate cover for the location.

605.3 Luminaires. Every public hall, interior stairway, toilet room, kitchen, bathroom, laundry room, boiler room and furnace room shall contain not less than one electric luminaire.
Pool and spa luminaires over 15 V shall have ground fault circuit interrupter protection.

605.4 Wiring. Flexible cords shall not be used for permanent wiring, or for running through doors, windows, or cabinets, or concealed within walls, floors, or ceilings.

SECTION 606
ELEVATORS, ESCALATORS AND DUMBWAITERS

606.1 General. Elevators, dumbwaiters and escalators shall be maintained in compliance with ASME A17.1. The most current certificate of inspection shall be on display at all times within the elevator or attached to the escalator or dumbwaiter, be available for public inspection in the office of the building operator or be posted in a publicly conspicuous location approved by the code official. The inspection and tests shall be performed at not less than the periodic intervals listed in ASME A17.1, Appendix N, except where otherwise specified by the authority having jurisdiction.

606.2 Elevators. In buildings equipped with passenger elevators, not less than one elevator shall be maintained in operation at all times when the building is occupied.

Exception: Buildings equipped with only one elevator shall be permitted to have the elevator temporarily out of service for testing or servicing.

SECTION 607
DUCT SYSTEMS

607.1 General. Duct systems shall be maintained free of obstructions and shall be capable of performing the required function.
CHAPTER 7
FIRE SAFETY REQUIREMENTS

User note:

About this chapter: Chapter 7 establishes fire safety requirements for existing structures by containing requirements for means of egress, including path of travel, required egress width, means of egress doors and emergency escape openings, and for the maintenance of fire-resistance-rated assemblies, fire protection systems, and carbon monoxide alarm and detection systems.

SECTION 701
GENERAL

701.1 Scope. The provisions of this chapter shall govern the minimum conditions and standards for fire safety relating to structures and exterior premises, including fire safety facilities and equipment to be provided.

701.2 Responsibility. The owner of the premises shall provide and maintain such fire safety facilities and equipment in compliance with these requirements. A person shall not occupy as owner-occupant or permit another person to occupy any premises that do not comply with the requirements of this chapter.

SECTION 702
MEANS OF EGRESS

[F] 702.1 General. A safe, continuous and unobstructed path of travel shall be provided from any point in a building or structure to the public way. Means of egress shall comply with the International Fire Code.

[F] 702.2 Aisles. The required width of aisles in accordance with the International Fire Code shall be unobstructed.

[F] 702.3 Locked doors. Means of egress doors shall be readily openable from the side from which egress is to be made without the need for keys, special knowledge or effort, except where the door hardware conforms to that permitted by the International Building Code.

[F] 702.4 Emergency escape openings. Required emergency escape openings shall be maintained in accordance with the code in effect at the time of construction, and the following. Required emergency escape and rescue openings shall be operational from the inside of the room without the use of keys or tools. Bars, grilles, grates or similar devices are permitted to be placed over emergency escape and rescue openings provided that the minimum net clear opening size complies with the code that was in effect at the time of construction and such devices shall be releasable or removable from the inside without the use of a key, tool or force greater than that which is required for normal operation of the escape and rescue opening.

SECTION 703
FIRE-RESISTANCE RATINGS

[F] 703.1 Fire-resistance-rated assemblies. The provisions of this chapter shall govern maintenance of the materials, systems and assemblies used for structural fire resistance and fire-resistance-rated construction separation of adjacent spaces to safeguard against the spread of fire and smoke within a building and the spread of fire to or from buildings.

[F] 703.2 Unsafe conditions. Where any components are not maintained and do not function as intended or do not have the fire resistance required by the code under which the building was constructed or altered, such components or portions thereof shall be deemed unsafe conditions in accordance with Section 111.1.1 of the International Fire Code. Components or portions thereof determined to be unsafe shall be repaired or replaced to conform to that code under which the building was constructed or altered. Where the condition of components is such that any building, structure or portion thereof presents an imminent danger to the occupants of the building, structure or portion thereof, the fire code official shall act in accordance with Section 111.2 of the International Fire Code.

[F] 703.3 Maintenance. The required fire-resistance rating of fire-resistance-rated construction, including walls, firestops, shaft enclosures, partitions, smoke barriers, floors, fire-resistive coatings and sprayed fire-resistant materials applied to structural members and joint systems, shall be maintained. Such elements shall be visually inspected annually by the owner and repaired, restored or replaced where damaged, altered, breached or penetrated. Records of inspections and repairs shall be maintained. Where concealed, such elements shall not be required to be visually inspected by the owner unless the concealed space is accessible by the removal or movement of a panel, access door, ceiling tile or entry to the space. Openings made therein for the passage of pipes, electrical conduit, wires, ducts, air transfer and any other reason shall be protected with approved methods capable of resisting the passage of smoke and fire. Openings through fire-resistance-rated assemblies shall be protected by self- or automatic-closing doors of approved construction meeting the fire protection requirements for the assembly.
[F] 703.3.1 Fire blocking and draft stopping. Required fire blocking and draft stopping in combustible concealed spaces shall be maintained to provide continuity and integrity of the construction.

[F] 703.3.2 Smoke barriers and smoke partitions. Required smoke barriers and smoke partitions shall be maintained to prevent the passage of smoke. Openings protected with approved smoke barrier doors or smoke dampers shall be maintained in accordance with NFPA 105.

[F] 703.3.3 Fire walls, fire barriers, and fire partitions. Required fire walls, fire barriers and fire partitions shall be maintained to prevent the passage of fire. Openings protected with approved doors or fire dampers shall be maintained in accordance with NFPA 80.

[F] 703.4 Opening protectives. Opening protectives shall be maintained in an operative condition in accordance with NFPA 80. The application of field-applied labels associated with the maintenance of opening protectives shall follow the requirements of the approved third-party certification organization accredited for listing the opening protective. Fire doors and smoke barrier doors shall not be blocked or obstructed, or otherwise made inoperable. Fusible links shall be replaced whenever fused or damaged. Fire door assemblies shall not be modified.

[F] 703.4.1 Signs. Where required by the code official, a sign shall be permanently displayed on or near each fire door in letters not less than 1 inch (25 mm) high to read as follows:

1. For doors designed to be kept normally open: FIRE DOOR – DO NOT BLOCK.
2. For doors designed to be kept normally closed: FIRE DOOR – KEEP CLOSED.

[F] 703.4.2 Hold-open devices and closers. Hold-open devices and automatic door closers shall be maintained. During the period that such a device is out of service for repairs, the door it operates shall remain in the closed position.

[F] 703.4.3 Door operation. Swinging fire doors shall close from the full-open position and latch automatically. The door closer shall exert enough force to close and latch the door from any partially open position.

[F] 703.5 Ceilings. The hanging and displaying of salable goods and other decorative materials from acoustical ceiling systems that are part of a fire-resistance-rated horizontal assembly shall be prohibited.

[F] 703.6 Testing. Horizontal and vertical sliding and rolling fire doors shall be inspected and tested annually to confirm operation and full closure. Records of inspections and testing shall be maintained.

[F] 703.7 Vertical shafts. Interior vertical shafts, including stairways, elevator hoistways and service and utility shafts, which connect two or more stories of a building shall be enclosed or protected as required in Chapter 11 of the International Fire Code. New floor openings in existing buildings shall comply with the International Building Code.

[F] 703.8 Opening protective closers. Where openings are required to be protected, opening protectives shall be maintained self-closing or automatic-closing by smoke detection. Existing fusible-link-type automatic door-closing devices shall be replaced if the fusible link rating exceeds 135°F (57°C).

SECTION 704
FIRE PROTECTION SYSTEMS

[F] 704.1 Inspection, testing and maintenance. Fire detection, alarm and extinguishing systems, mechanical smoke exhaust systems, and smoke and heat vents shall be maintained in accordance with the International Fire Code in an operative condition at all times, and shall be replaced or repaired where defective.

[F] 704.1.1 Installation. Fire protection systems shall be maintained in accordance with the original installation standards for that system. Required systems shall be extended, altered or augmented as necessary to maintain and continue protection where the building is altered or enlarged. Alterations to fire protection systems shall be done in accordance with applicable standards.

[F] 704.1.2 Required fire protection systems. Fire protection systems required by this code, the International Fire Code or the International Building Code shall be installed, repaired, operated, tested and maintained in accordance with this code. A fire protection system for which a design option, exception or reduction to the provisions of this code, the International Fire Code or the International Building Code has been granted shall be considered to be a required system.

[F] 704.1.3 Fire protection systems. Fire protection systems shall be inspected, maintained and tested in accordance with the following International Fire Code requirements.

1. Automatic sprinkler systems, see Section 903.5.
2. Automatic fire-extinguishing systems protecting commercial cooking systems, see Section 904.12.5.
3. Automatic water mist extinguishing systems, see Section 904.11.
4. Carbon dioxide extinguishing systems, see Section 904.8.
5. Carbon monoxide alarms and carbon monoxide detection systems, see Section 915.6.
6. Clean-agent extinguishing systems, see Section 904.10.
7. Dry-chemical extinguishing systems, see Section 904.6.
8. Fire alarm and fire detection systems, see Section 907.8.
9. Fire department connections, see Sections 912.4 and 912.7.
10. Fire pumps, see Section 913.5.
11. Foam extinguishing systems, see Section 904.7.
12. Halon extinguishing systems, see Section 904.9.
13. Single- and multiple-station smoke alarms, see Section 907.10.
14. Smoke and heat vents and mechanical smoke removal systems, see Section 910.5.
15. Smoke control systems, see Section 909.20.
16. Wet-chemical extinguishing systems, see Section 904.5.

[F] 704.2 Standards. Fire protection systems shall be inspected, tested and maintained in accordance with the referenced standards listed in Table 704.2 and as required in this section.

[F] 704.2.1 Records. Records shall be maintained of all system inspections, tests and maintenance required by the referenced standards.

[F] 704.2.2 Records information. Initial records shall include: the name of the installation contractor; type of components installed; manufacturer of the components; location and number of components installed per floor; and manufacturers’ operation and maintenance instruction manuals. Such records shall be maintained for the life of the installation.

[F] 704.3 Systems out of service. Where a required fire protection system is out of service, the fire department and the fire code official shall be notified immediately and, where required by the fire code official, either the building shall be evacuated or an approved fire watch shall be provided for all occupants left unprotected by the shutdown until the fire protection system has been returned to service. Where utilized, fire watches shall be provided with not less than one approved means for notification of the fire department and shall not have duties beyond performing constant patrols of the protected premises and keeping watch for fires. Actions shall be taken in accordance with Section 901 of the International Fire Code to bring the systems back in service.

[F] 704.3.1 Emergency impairments. Where unplanned impairments of fire protection systems occur, appropriate emergency action shall be taken to minimize potential injury and damage. The impairment coordinator shall implement the steps outlined in Section 901.7.4 of the International Fire Code.

[F] 704.4 Removal of or tampering with equipment. It shall be unlawful for any person to remove, tamper with or otherwise disturb any fire hydrant, fire detection and alarm system, fire suppression system or other fire appliance required by this code except for the purposes of extinguishing fire, training, recharging or making necessary repairs.

[F] 704.4.1 Removal of or tampering with appurtenances. Locks, gates, doors, barricades, chains, enclosures, signs, tags and seals that have been installed by or at the direction of the fire code official shall not be removed, unlocked, destroyed or tampered with in any manner.

[F] 704.4.2 Removal of existing occupant-use hose lines. The fire code official is authorized to permit the removal of existing occupant-use hose lines where all of the following apply:

1. The installation is not required by the International Fire Code or the International Building Code.
2. The hose line would not be utilized by trained personnel or the fire department.
3. The remaining outlets are compatible with local fire department fittings.

[F] 704.4.3 Termination of monitoring service. For fire alarm systems required to be monitored by the International Fire Code, notice shall be made to the fire code official whenever alarm monitoring services are terminated. Notice shall be made in writing by the provider of the monitoring service being terminated.

[F] 704.5 Fire department connection. Where the fire department connection is not visible to approaching fire apparatus, the fire department connection shall be indicated by an approved sign mounted on the street front or on the side of the building. Such sign shall have the letters “FDC” not less than 6 inches (152 mm) high and words in letters not less than 2 inches (51 mm) high or an arrow to indicate the location. Such signs shall be subject to the approval of the fire code official.

[F] 704.5.1 Fire department connection access. Ready access to fire department connections shall be maintained at all times and without obstruction by fences, bushes, trees, walls or any other fixed or movable object. Access to fire department connections shall be approved by the fire chief.

Exception: Fences, where provided with an access gate equipped with a sign complying with the legend requirements of Section 912.5 of the International Fire Code and a means of emergency operation. The gate and the means of emergency operation shall be approved by the fire chief and maintained operational at all times.

[F] 704.5.2 Clear space around connections. A working space of not less than 36 inches (914 mm) in width, 36 inches (914 mm) in depth and 78 inches (1981 mm) in height shall be provided and maintained in front of and to the sides of wall-mounted fire department connections and around the circumference of fixed-standing fire department connections.
[F] 704.6 Single- and multiple-station smoke alarms. Single- and multiple-station smoke alarms shall be installed in existing Group I-1 and R occupancies in accordance with Sections 704.6.1 through 704.6.3.

[F] 704.6.1 Where required. Existing Group I-1 and R occupancies shall be provided with single-station smoke alarms in accordance with Sections 704.6.1.1 through 704.6.1.4. Interconnection and power sources shall be in accordance with Sections 704.6.2 and 704.6.3.

Exceptions:

1. Where the code that was in effect at the time of construction required smoke alarms and smoke alarms complying with those requirements are already provided.
2. Where smoke alarms have been installed in occupancies and dwellings that were not required to have them at the time of construction, additional smoke alarms shall not be required provided that the existing smoke alarms comply with requirements that were in effect at the time of installation.
3. Where smoke detectors connected to a fire alarm system have been installed as a substitute for smoke alarms.

[F] 704.6.1.1 Group R-1. Single- or multiple-station smoke alarms shall be installed in all of the following locations in Group R-1:

1. In sleeping areas.
2. In every room in the path of the means of egress from the sleeping area to the door leading from the sleeping unit.
3. In each story within the sleeping unit, including basements. For sleeping units with split levels and without an intervening door between the adjacent levels, a smoke alarm installed on the upper level shall suffice for the adjacent lower level provided that the lower level is less than one full story below the upper level.

[F] 704.6.1.2 Groups R-2, R-3, R-4 and I-1. Single- or multiple-station smoke alarms shall be installed and maintained in Groups R-2, R-3, R-4 and I-1 regardless of occupant load at all of the following locations:

1. On the ceiling or wall outside of each separate sleeping area in the immediate vicinity of bedrooms.
2. In each room used for sleeping purposes.
3. In each story within a dwelling unit, including basements but not including crawl spaces and uninhabitable attics. In dwellings or dwelling units with split levels and without an intervening door between the adjacent levels, a smoke alarm installed on the upper level shall suffice for the adjacent lower level provided that the lower level is less than one full story below the upper level.

[F] 704.6.1.3 Installation near cooking appliances. Smoke alarms shall not be installed in the following locations unless this would prevent placement of a smoke alarm in a location required by Section 704.6.1.1 or 704.6.1.2.

1. Ionization smoke alarms shall not be installed less than 20 feet (6096 m) horizontally from a permanently installed cooking appliance.
2. Ionization smoke alarms with an alarm-silencing switch shall not be installed less than 10 feet (3048 mm) horizontally from a permanently installed cooking appliance.
3. Photoelectric smoke alarms shall not be installed less than 6 feet (1829 mm) horizontally from a permanently installed cooking appliance.

[F] 704.6.1.4 Installation near bathrooms. Smoke alarms shall be installed not less than 3 feet (914 mm) horizontally from the door or opening of a bathroom that contains a bathtub or shower unless this would prevent placement of a smoke alarm required by Section 704.6.1.1 or 704.6.1.2.

[F] 704.6.2 Interconnection. Where more than one smoke alarm is required to be installed within an individual dwelling or sleeping unit, the smoke alarms shall be interconnected in such a manner that the activation of one alarm will activate all of the alarms in the individual unit. Physical interconnection of smoke alarms shall not be required where listed wireless alarms are installed and all alarms sound upon activation of one alarm. The alarm shall be clearly audible in all bedrooms over background noise levels with all intervening doors closed.

Exceptions:

1. Interconnection is not required in buildings that are not undergoing alterations, repairs or construction of any kind.
2. Smoke alarms in existing areas are not required to be interconnected where alterations or repairs do not result in the removal of interior wall or ceiling finishes exposing the structure, unless there is an attic, crawl space or basement available that could provide access for interconnection without the removal of interior finishes.

[F] 704.6.3 Power source. Single-station smoke alarms shall receive their primary power from the building wiring provided that such wiring is served from a commercial source and shall be equipped with a battery backup. Smoke alarms with integral strobes that are not equipped with battery backup shall be connected to an emergency electrical system. Smoke alarms shall emit a signal when the batteries are low. Wiring shall be permanent and without a disconnecting switch other than as required for overcurrent protection.

Exceptions:

1. Smoke alarms are permitted to be solely battery operated in existing buildings where construction is not taking place.
2. Smoke alarms are permitted to be solely battery operated in buildings that are not served from a commercial power source.
3. Smoke alarms are permitted to be solely battery operated in existing areas of buildings undergoing alterations or repairs that do not result in the removal of interior walls or ceiling finishes exposing the structure, unless there is an attic, crawl space or basement available that could provide access for building wiring without the removal of interior finishes.

[F] 704.6.4 Smoke detection system. Smoke detectors listed in accordance with UL 268 and provided as part of the building’s fire alarm system shall be an acceptable alternative to single- and multiple-station smoke alarms and shall comply with the following:

1. The fire alarm system shall comply with all applicable requirements in Section 907 of the International Fire Code.

2. Activation of a smoke detector in a dwelling or sleeping unit shall initiate alarm notification in the dwelling or sleeping unit in accordance with Section 907.5.2 of the International Fire Code.

3. Activation of a smoke detector in a dwelling or sleeping unit shall not activate alarm notification appliances outside of the dwelling or sleeping unit, provided that a supervisory signal is generated and monitored in accordance with Section 907.6.6 of the International Fire Code.

[F] 704.7 Single- and multiple-station smoke alarms. Single- and multiple-station smoke alarms shall be tested and maintained in accordance with the manufacturer’s instructions. Smoke alarms that do not function shall be replaced. Smoke alarms installed in one- and two-family dwellings shall be replaced not more than 10 years from the date of manufacture marked on the unit, or shall be replaced if the date of manufacture cannot be determined.

SECTION 705
CARBON MONOXIDE ALARMS AND DETECTION

[F] 705.1 General. Carbon monoxide alarms shall be installed in dwellings in accordance with Section 1103.9 of the International Fire Code, except that alarms in dwellings covered by the International Residential Code shall be installed in accordance with Section R315 of that code.

[F] 705.2 Carbon monoxide alarms and detectors. Carbon monoxide alarms and carbon monoxide detection systems shall be maintained in accordance with NFPA 720. Carbon monoxide alarms and carbon monoxide detectors that become inoperable or begin producing end-of-life signals shall be replaced.
CHAPTER 8
REFERENCED STANDARDS

User note:

About this chapter: This code contains numerous references to standards promulgated by other organizations that are used to provide requirements for materials and methods of construction. Chapter 8 contains a comprehensive list of all standards that are referenced in this code. These standards, in essence, are part of this code to the extent of the reference to the standard.

This chapter lists the standards that are referenced in various sections of this document. The standards are listed herein by the promulgating agency of the standard, the standard identification, the effective date and title and the section or sections of this document that reference the standard. The application of the referenced standards shall be as specified in Section 102.7.

APPENDIX A
BOARDING STANDARD

The provisions contained in this appendix are not mandatory unless specifically referenced in the adopting ordinance.

User note:
About this appendix: Appendix A provides minimum specifications for boarding a structure. This can be utilized by a jurisdiction as a set of minimum requirements in order to result in consistent boarding quality. These requirements also provide a reasonable means to eliminate having to approve numerous methods or materials for the boarding and securing of a structure. It is important to note that the provisions of Appendix A are not mandatory unless specifically referenced in the adopting ordinance of the authority having jurisdiction.

A101 GENERAL
A101.1 General. Windows and doors shall be boarded in an approved manner to prevent entry by unauthorized persons and shall be painted to correspond to the color of the existing structure.

A102 MATERIALS
A102.1 Boarding sheet material. Boarding sheet material shall be minimum 1/4-inch-thick (12.7 mm) wood structural panels complying with the International Building Code.[4]
A102.2 Boarding framing material. Boarding framing material shall be minimum nominal 2-inch by 4-inch (51 mm by 102 mm) solid sawn lumber complying with the International Building Code.
A102.3 Boarding fasteners. Boarding fasteners shall be minimum 3/16-inch-diameter (9.5 mm) carriage bolts of such a length as required to penetrate the assembly and as required to adequately attach the washers and nuts. Washers and nuts shall comply with the International Building Code.[4]

A103 INSTALLATION
A103.1 Boarding installation. The boarding installation shall be in accordance with Figures A103.1(1) and A103.1(2) and Sections A103.2 through A103.5.
A103.2 Boarding sheet material. The boarding sheet material shall be cut to fit the door or window opening neatly or shall be cut to provide an equal overlap at the perimeter of the door or window.
A103.3 Windows. The window shall be opened to allow the carriage bolt to pass through or the window sash shall be removed and stored. The 2-inch by 4-inch (51 mm by 102 mm) strong back framing material shall be cut minimum 2 inches (51 mm) wider than the window opening and shall be placed on the inside of the window opening 6 inches (152 mm) minimum above the bottom and below the top of the window opening. The framing and boarding shall be pre-drilled. The assembly shall be aligned and the bolts, washers and nuts shall be installed and secured.
A103.4 Door walls. The door opening shall be framed with minimum 2-inch by 4-inch (51 mm by 102 mm) framing material secured at the entire perimeter and vertical members at a maximum of 24 inches (610 mm) on center. Blocking shall also be secured at a maximum of 48 inches (1219 mm) on center vertically. Boarding sheet material shall be secured with screws and nails alternating every 6 inches (152 mm) on center.
A103.5 Doors. Doors shall be secured by the same method as for windows or door openings. One door to the structure shall be available for authorized entry and shall be secured and locked in an approved manner.

A104 REFERENCED STANDARD
IBC—18 International Building Code A102.1, A102.2, A102.3
FIGURE A103.1(1)
BOARDING OF DOOR OR WINDOW

1/2 INCH CDX PLYWOOD OR PERFORMANCE-RATED OSB SHALL BE SECURED TO HEADER, BSE PLATE, STUDS, STILES, AND EDGE BLOCKING USING ALTERNATE SCREWS AND NAILS AT A MAXIMUM OF 6 INCHES O.C.

BENEFITS THAT WORK FOR YOU

No matter where you are in your building career, put the benefits of ICC Membership to work for you!

Membership in ICC connects you to exclusive I-Codes resources, continuing education opportunities and Members-Only benefits that include:

- Free code opinions from I-Codes experts
- Free I-Code book(s) or download to new Members*
- Discounts on I-Code resources, training and certification renewal
- Posting resumes and job search openings through the ICC Career Center
- Mentoring programs and valuable networking opportunities at ICC events
- Free benefits — Corporate and Governmental Members: Your staff can receive free ICC benefits too*
- Savings of up to 25% on code books and training materials and more

Put the benefits of ICC Membership to work for you and your career. Visit www.iccsafe.org/mem3 to join now or to renew your Membership. Or call 1-888-ICC-SAFE (422-7233), ext. 33804 to learn more today!

* Some restrictions apply. Speak with an ICC Member Services Representative for details.
Ever wonder why code officials, architects and other building professionals value and accept ICC plan reviews?

- **Experience** – Our I-Code experts have expertise in **ALL** the International Codes® (I-Codes®)
- **Detailed Report** – identifies code deficiencies found
- **Complimentary re-review of reissued plans**

**Plus,** ICC Plan Review Services has over 200 years of combined experience with applications of the codes, 6 registered design professionals on staff and 120 International Code Council Certifications, so you can be assured that ICC will deliver the most detailed and precise plan reviews in the industry.

*Applies to “Complete Plan Review Services”. Contact ICC Plan Review staff for details.

To get your plan review started now or to learn about disciplines reviewed, plan review options and more, visit [www.iccsafe.org/plr4](http://www.iccsafe.org/plr4) or call 888-422-7233, x5577.
Looking for the missing piece?
Solve the puzzle and advance your career with ICC University

ICC University has been built from the ground up with you in mind.
Take advantage of tools to help you better track and manage your career growth and professional development, including automatic CEU tracking and simplified search options to find code training. Plan for your future and manage your professional development from one, easy-to-use location.

ICC University provides you with:

• Simplified access to over 300 training options
• Automatic CEU tracking to keep you on track for recertification
• Robust curriculums that identify supporting courses, publications and exam study materials to assist you in preparing for certification exams and achieving your next professional milestone
• The ability to purchase all courses, related publications and exam preparation materials – as well as register for certification exams – from a single screen
• And more!

ITEM FOR COUNCIL CONSIDERATION:
Consider the approval of agreements with non-profit organizations to provide social services to the City of Richfield and authorization of the City Manager to execute agreements with those agencies.

EXECUTIVE SUMMARY:
The 2020 City Budget includes funding for organizations that provide social services that are deemed to be of benefit to the City and the community in general. The 2020 Budget includes $70,480 for this purpose.

In November 2019, staff distributed a Request for Proposals for Social Services to non-profit agencies serving the City of Richfield for services to be provided in 2020.

A total of 10 proposals were received from the following agencies:
- Headway Emotional Health (The Storefront Group)
- Cornerstone Advocacy Services
- The Family Partnership
- Transportation Resources to Aid Independent Living (TRAIL)
- Volunteers Enlisted to Assist People (VEAP)
- Loaves and Fishes
- YMCA Thrive
- Planned Parenthood
- Senior Community Services
- Modulo De Informacion De Recursos Y Apoyo (MIRA)

The proposals represent a wide variety of social services offered to Richfield residents.

The organizations requested a total amount of $129,060, exceeding the City’s available funding by $58,580.

Two Richfield residents assisted in the review of proposals and subsequent funding recommendations. The review committee’s recommendations took into account the type of service(s) to be provided, the target population(s) to be served, and past performance of the social service agency. Of the ten proposals received, two were not recommended for funding: YMCA Thrive and Planned Parenthood. The following table details the review committee’s recommendations:
A complete overview of all services to be provided by the various organizations is attached.

**RECOMMENDED ACTION:**

By motion: Approve the agreements between the recommended non-profit organizations and the City of Richfield, and authorize the City Manager to execute agreements for services with those agencies.

**BASIS OF RECOMMENDATION:**

**A. HISTORICAL CONTEXT**

- The City of Richfield has historically allocated funds on an annual basis to social service agencies serving the Richfield community. In 2012, the City was required to make changes to its funding practices due to independent audit findings, resulting in the discontinuation of grant funding to social service agencies beginning in 2013.
- The City is not authorized to provide grant funding to social service agencies; however, it has been determined that the City can enter into agreements for services with agencies for specific services that are compatible with City activities.
- The 2020 recommendations are based on the following criteria:
  - Demonstrated need of the proposed service for the targeted population.
  - Compatibility with City functions/activities.
  - Partnership and/or assistance with various City services (e.g., public safety).
  - Efforts to serve low-income persons of all races/cultures/ethnicity.
  - Demonstrated value to the community.
  - Past performance.
  - Cost of services and number of persons served.
  - Certified Non-Profit agency.
- The following chart provides a eight-year history of the City of Richfield social service funding to the responding agencies (fields left blank indicate no proposal was made or proposal not funded):

</tbody>
</table>

B. **POLICIES (resolutions, ordinances, regulations, statutes, etc):**

To partner with other agencies as warranted and practical to assist in the delivery of services to City residents.

C. **CRITICAL TIMING ISSUES:**

Services are to be provided in the calendar year 2020.

D. **FINANCIAL IMPACT:**

- A City Council/Administration 2020 allocation of $70,480 is budgeted for social services. This funding has remained at the same level since 2014.
- The amount requested exceeded the City’s available funding by $58,580.
- Given the increased demand for 2020 funding, staff will evaluate funding levels and priorities during this year’s budget process.

E. **LEGAL CONSIDERATION:**

The City Attorney has reviewed the agreements.

**ALTERNATIVE RECOMMENDATION(S):**

- Approve the recommendations with revised allocations.
- Do not approve the recommendations.

**PRINCIPAL PARTIES EXPECTED AT MEETING:**

Representatives of the Social Service Agencies have been invited to attend.

### Agency-Program

<table>
<thead>
<tr>
<th>Agency-Program</th>
<th>Description of Services</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Headway/The Storefront Group – Youth Counseling Program</strong></td>
<td>Provide outpatient services, community based counseling, case management, and supportive services to youth and families in Richfield.</td>
</tr>
<tr>
<td><strong>Modulo de Informacion, Recursos y Apoyo (MIRA)</strong></td>
<td>MIRA is committed to provide resource information, assistance and programs to meet the needs of Latino residents and other new immigrants, often in collaboration with other organizations. Beginning in 2017-2018, MIRA commenced a partnership with Richfield Community Education to expand Latino / immigrant outreach and participation in Community Education programs. Many of the classes and activities that MIRA provided independently in the past are now offered as part of the collaboration with Richfield Community Education. Other organizations utilizing MIRA’s community outreach services during the past year include Casa Esperanza (to organize Latino men’s groups) and Value of Five / Diversity Into Action Navigator (recruit Latino / immigrant participants in a Value of Five / DIA Navigator Job Fair). In addition to collaborations, MIRA hosts some events independently, including a family Reyes Magos (Three Kings) celebration in January, which is in its 7th year, and Feria de la Madre (Women’s Fair) in the Spring. This proposal focuses on expanding outreach services to Latinos and immigrants in Richfield, in collaboration with the City of Richfield.</td>
</tr>
<tr>
<td><strong>TRAIL (Transportation Resource to Aid Independent Living) – Transportation Services</strong></td>
<td>TRAIL will provide transportation to Richfield adults with developmental disabilities, allowing them to attend customized recreation and leisure programs offered by Adaptive Recreation and Learning Exchange (AR&amp;LE). AR&amp;LE offers recreation, leisure and community education opportunities specifically designed to meet the needs of people with disabilities in the cities of Richfield, Eden Prairie, Edina and Bloomington.</td>
</tr>
<tr>
<td><strong>Cornerstone Advocacy Service – Crisis Intervention</strong></td>
<td>Funding is to support Cornerstone’s full continuum of services. Cornerstone provides comprehensive services for Richfield residents who have experienced domestic violence, sexual violence, human trafficking and general crime. Cornerstone is a pioneer in developing primary prevention and early intervention programs for children and youth. Cornerstone offers crisis intervention services 24/7 and their emergency shelter provides safe refuge when a victim is in imminent danger of assault. Cornerstone provides assistance to victims needing to file an Order for Protection or Harassment Order without cost to that victim.</td>
</tr>
<tr>
<td><strong>Loaves &amp; Fishes – meals, referrals, and advocacy services</strong></td>
<td>Serves nutritious meals to the hungry in the areas that need it most. The ultimate goal is to provide nourishment through food and community. Loaves and Fishes operate two dining sites, two summer sites for children when school is not in session, and a produce garden in Richfield: Hope Church (7132 Portland Avenue) and Woodlake Lutheran Church (7525 Oliver Avenue; the garden site is located at Woodlake Lutheran Church as well). The Summer Food Service Program is served at Hope Presbyterian Church and Woodlake Lutheran Church when school is not in session to children who qualify for free or reduced-cost school lunches.</td>
</tr>
<tr>
<td><strong>Senior Community Services</strong></td>
<td>Senior Outreach provides service/case management and supportive counseling to frail older adults and their caregivers to help senior remain as independent as possible and to assist caregivers in providing care while maintaining balance in their lives.</td>
</tr>
<tr>
<td><strong>VEAP (Volunteers Enlisted to Assist People)</strong></td>
<td>VEAP’s Social Services program’s primary goal is to create a path to stability for low-income individuals, seniors, youth, and families in the City of Richfield. The program strives to do this by providing food, financial, and supportive services that increase access to healthy food and stable housing, minimize or prevent crisis situations, and increase client resourcefulness.</td>
</tr>
<tr>
<td><strong>The Family Partnership</strong></td>
<td>The Family Partnership’s School-Linked Mental Health program provides one-to-one mental health therapy co-located within Richfield Public Schools. The program acts as a mental health resource for school staff, students, and parents, providing referrals as well as vital information on mental health. The Family Partnership’s School-Linked Mental Health program is currently in Richfield Middle School and Centennial Elementary with a possibility of expanding to the STEM Elementary School.</td>
</tr>
</tbody>
</table>
The City of Richfield is seeking proposals for social services from non-profit agencies serving the City of Richfield. Funding parameters and priority goals for the purpose of making the best use of funds are as follows:

**Funding Parameters**

- Any non-profit organization is eligible to apply.
- Projects must serve Richfield residents.
- Services must be compatible with City functions and activities.

**Priority Goals**

Projects must address at least one of the following areas:

- Services for vulnerable senior residents.
- Services for individuals, families, teens and/or children at risk.
- Housing support services for low-income persons and persons at risk.

**Award Criteria**

Proposals must meet one or more of the following criteria:

- Demonstrated need of the proposed service for the targeted population.
- Compatibility with City functions/activities.
- Partnership and/or assistance with various City services (i.e., public safety).
- Efforts to serve low-income persons of all races/cultures/ethnicities.
- Demonstrated value to the community.
- Certified Non-Profit agency.

Proposal’s must be submitted by 4:30 p.m. December 27, 2019

LATE PROPOSALS WILL NOT BE ACCEPTED
Proposals must be submitted by 4:30 p.m. December 27, 2019

LATE PROPOSALS WILL NOT BE ACCEPTED

PROPOSAL SUBMISSION INSTRUCTIONS

The information requested in the attached Request for Proposals must be addressed in your proposal.

Submit 1 electronic copy of your agencies proposal by 4:30 p.m. December 27, 2019 (LATE PROPOSALS WILL NOT BE ACCEPTED) to:

Lynnette Chambers  
City of Richfield  
6700 Portland Avenue  
Richfield, MN  55423  
lchambers@richfieldmn.gov

Applicants may be asked to respond in writing to additional questions. The Richfield City Council will tentatively award contracts for services in February 2020.

Agencies awarded contracts will be required to sign a service agreement for calendar year 2020 and submit semi-annual reports on service outcomes.

Please contact Lynnette Chambers at 612-861-9773 or lchambers@richfieldmn.gov with any questions.

Proposals must be submitted by 4:30 p.m. December 27, 2019

LATE PROPOSALS WILL NOT BE ACCEPTED
CITY OF RICHFIELD

2020 REQUEST FOR PROPOSALS FOR SOCIAL SERVICE ASSISTANCE

Proposals for social services must include the following:

PROPOSAL HEADING
1. Agency name, address, contact person, and phone/fax/email
2. Amount of request
3. Brief description of service(s) provided
4. Identify priority area(s) you are addressing:
   a) Services for vulnerable senior residents
   b) Services for individuals, families, teens and/or children at risk
   c) Housing support services for low-income persons and persons at risk
   d) Other: Please Specify
5. Explain how the services you are proposing to provide will benefit the City of Richfield.
6. Explain any formal or informal partnership you have with the City of Richfield (i.e., assisting Public Safety through the services you provide, etc.)

ADMINISTRATION
1. Provide a mission statement for your agency.
2. Provide verification of your organization’s non-profit legal status.
3. Indicate your total agency budget for 2020.
4. Indicate your proposed project budget for 2020. Itemize proposed expenses and describe as applicable. Indicate both proposed City funds and other funds to support the project.

PROGRAM
1. Describe service to be funded, including:
   a) Brief statement detailing the service and how it is provided
   b) Target population(s); estimated number of unduplicated individuals you plan to serve residing in the City of Richfield
   c) Eligibility criteria and process
   d) How clients are involved in the planning process for service
   e) Desired client outcomes and methods of evaluating and measuring client progress (use attached “Proposed Outcome/Evaluation Methods” form)
3. Demonstrate the need for the proposed service.
4. Describe outreach efforts to target populations, including immigrant and low-income individuals.

Please contact Lynnette Chambers at 612-861-9773 or lchambers@richfieldmn.gov with any questions.

Proposals must be submitted by 4:30 p.m. December 27, 2019

LATE PROPOSALS WILL NOT BE ACCEPTED
